The Jain International School, Chhatrapati Sambhajinagar

13th ANNUAL DAY CELEBRATION

EDITORIAL

In the midst of the December cold, the spirited atmosphere at our annual function and carnival added a warm and festive touch to the chilly air. The school grounds came alive with the vibrant colors of decorations, echoing laughter, and the aroma of delicious treats wafting through the air. The annual function showcased the diverse talents of our students, from mesmerizing musical performances to captivating theatrical presentations, leaving the audience in awe of the immense creativity within our school community.

Amidst the festivities, the Grade-10 students engaged in focused practice paper writing sessions, demonstrating their dedication to academic excellence. The diligent preparation and commitment to mastering their subjects were palpable, reflecting the collective effort of both students and teachers. The annual function and carnival not only provided a platform for artistic expression but also served as a reminder of the well-rounded education our school aims to impart, blending academic rigor with the celebration of diverse talents and skills. As the winter winds whispered through the campus, the December cold was no match for the warmth generated by the shared joy and accomplishments of our school community during this memorable event.

Embracing a New Year of Growth and Success!!

Dear Students, Esteemed Staff, and Respected Parents,

As we stand at the threshold of a new year, I am filled with a sense of anticipation and excitement for the opportunities that lie ahead. The dawn of a new year is a time for reflection, renewal, and setting the stage for remarkable achievements. I extend my heartfelt wishes to each member of our school community – students, staff, and parents – as we embark on this journey together.

To our dedicated students, you are the heartbeat of our institution, and your potential is boundless. As you step into the new year, remember that each day is an opportunity to learn, grow, and discover your unique capabilities. Embrace challenges with resilience, approach learning with curiosity, and foster a spirit of collaboration with your peers. Your journey is a tapestry of experiences, and I encourage you to make the most of every moment within the nurturing environment our school provides.

To our esteemed staff, your commitment to shaping young minds is truly commendable. Your dedication, passion, and unwavering support contribute immensely to the holistic development of our students. As we enter the new year, let us continue to uphold the values of excellence, innovation, and inclusivity. Together, we can create an environment that fosters not only academic success but also personal growth and character building.

To the parents, you play a pivotal role in the educational journey of your children. Your partnership with the school is invaluable, and your involvement is crucial for the success of our students. As we enter a new chapter, I encourage you to stay engaged, communicate openly, and actively participate in the various facets of your child's education. Your support is a cornerstone of our collective success.

In the spirit of the new year, let us renew our commitment to fostering a culture of respect, kindness, and collaboration within our school community. Together, let us create an environment where each member feels valued, inspired, and empowered to reach their full potential.

Wishing you all a year filled with joy, growth, and accomplishments. May this new year be a canvas of endless possibilities for our students, a year of professional fulfillment for our staff, and a year of strengthened partnerships with our parents.

Here's to a year of learning, thriving, and making a positive impact!

Parent-teacher meeting is a perfect way to discuss the child's progress and exchange insights and thoughts about the child's developmental milestones and academic progress. We had our fourth PTM at The Jain International School on 2nd December Saturday. A comprehensive feedback about each student was given by all the subject teachers and the class teachers to the parents. There was mutual exchange of ideas and suggestions with an aim to work together to enhance the personality and academic performance of the students. The parents appreciated the smooth functioning of the school under the able guidance of our respected COO Ma'am- Mrs Shikha Srivastava. They also expressed their gratitude and appreciated the efforts being put in by all the teachers towards the progress of their wards. Parents overall gave a positive feedback and were happy and grateful to the entire staff of the school.

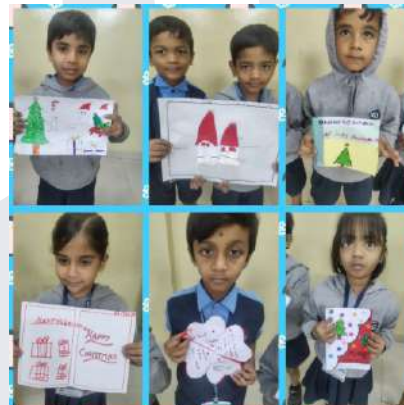

The Festive Winter Carnival was held at the School premises with lot of Zeal and enthusiasm. The magical celebration was filled with laughter, music, and the spirit of the season. This carnival is one of the most unifying, cultural and creative extravaganza, that we celebrate in our school. The aim was to give a platform to students and parents talent and to come together. School students and parents participated enthusiastically in this event and showed their talent through Ramp Walk, dance and songs. Apart from this, food stalls were also set up by the students, parents, and teachers. Earlier, the programme was inaugurated by the jury member and Guest of honour, Mrs Sneha Gajbiye Ma'am, and the COO Mrs. Shikha Srivastava ma'am of the Jain International School, Chhatrapati Sambhaji Nagar. Parents showed their creativity and skills through Ramp Walk which was executed successfully. Lucky draw of coupons was one of the most enthusiastic and most awaited activity where 10 prizes were given to the lucky winners.

Our picnic to Imagica Theme Park in Lonavla was real fun. On the day of the picnic, 22nd December 2023, the students as well as teachers in charge had reported to school at 10.30 pm because the journey to Lonavla was very long. The journey took approximately 8 hours. After getting fresh and having breakfast at Strand Resort, students were taken for city tour, places like Bhushi dam, Ekvira goddess temple and Sunil wax museum were shown. After coming back students had delicious dinner and enjoyed DJ night at the resort. Next morning the journey started for the main spot that was coAdlabs Imagica. Students and teachers reached the destination on time. Everyone had to wait for 15 minutes for the initial registration. Everyone was given a Band to tie around the wrist without which they had no entry in the Theme park. Once the check-in was done, there was a grand welcome with a wonderful dance performance at the entrance. Teachers took their respective groups for the rides. After 3 hours of fun at the rides and the shows, Everyone had lunch. After lunch students had another 3 hours and 30 minutes on hand to enjoy more rides and scout the place. There were many shops from which the students could buy toys, ice-creams, drinks etc. Everything was very expensive, so only a few children ventured to buy things. At 6.30pm we gathered at the main entrance to travel back to the resort for dinner. We had our dinner around 8.30 pm and started our journey back to Aurangabad. On our journey back students had lot of fun in the bus. Some children slept in the bus because they were very tired. Students were happy and thrilled after a day of fun and excitement.

Memories from Imagica Trip

It was a great memorable visit to go to the Lonavala and Imagica Theme park. Earlier my parents were not willing to send me to this trip, but when they came to know that all my friends are going and Parmjeet Mam is also going then they allowed me to go. And I was very lucky that I enjoyed this trip very very much. We saw Bhushi Dam and Wax museum in Lonavala, and participated in DJ Dance night. Then we went to Imagica theme park. I will always remember Shows like Rajasaurus Dinosaur show, One for India Show, rides like roller coaster etc. First time I stayed away from my parents. All the teachers took good care of all the students just like our parents. I learned many good things from this trip, like how to behave in public, how to manage things, But the most important thing I learned is how to manage time and money.

I will be very happy to go to the next trip.

My Imagica trip experience was very nice. I felt so fresh and cool while doing the site seeing in Lonavala. First time I have visited any Dam out of Chh. Sambhaji Nagar so I felt very nice while seeing the Bhushi Dam. We were so tired while climbing the stairs of Ekvira Mata temple but it was so adventurous. The DJ was very nice. The Imagica experience was also very awesome. Some rides were funny like Bow Wow Show, some were adventurous like Gold Rush Express, Nitro and Prince of The Dark Waters and some were educational like I for India. Teachers have also taken care of us very nicely. The food was very tasty and the bus was also very comfortable. I loved this trip so much and I will like to experience more trips like this.

Thank you so much ma'am for your cooperation.

I thoroughly enjoyed my school trip and also the journey with my friends. I enjoyed the stay, the tasty food and the DJ night at the resort. Visit to Bhushi Dam, Mata Ekvira temple and also the wax museum was marvellous. I was too tired but happy. Imagica theme park was an awesome place. The rides were really amazing. We entered the park at 10:30 A.M sharp because of which we could enjoy most of the slides but after 12:30 the rush was at its peak. As we went early we were able to enjoy some slides even twice, just an awesome experience. Not only for young people but also for children it is an amazing place.

I would surely love to go for such a trip again.

Absolutely, starting the new year with positive parenting intentions can set a wonderful tone for the months ahead. Here are some specific tips to help you kick off the new year in a positive and intentional way:

Reflect on the Past Year:

Take some time to reflect on the past year—celebrate the successes, learn from challenges, and consider areas for improvement. Use this reflection as a guide for setting new parenting goals.

Set Family Goals Together:

Involve your family in setting goals for the new year. This can include personal goals for each family member as well as collective goals, such as spending more quality time together or taking on new activities as a family.

Establish Routines:

Consistent routines provide a sense of stability and security for children. Evaluate and, if needed, tweak your daily routines to create a more organized and predictable environment for your family.

Promote Mindfulness:

Introduce mindfulness practices into your family's routine. This could include simple activities like deep breathing exercises, moments of gratitude, or short mindful walks. These practices can help reduce stress and promote a sense of calm.

Limit Distractions:

Make a conscious effort to limit distractions during family time. Designate specific times for screen-free activities and focus on being present with your children. This can strengthen your connection and communication.

Encourage Healthy Habits:

Kick off the year by emphasizing the importance of healthy habits. This includes not only physical health but also mental and emotional well-being. Discuss the value of nutritious food, regular exercise, and adequate sleep.

Teach Goal Setting:

Help your children set achievable goals for the year. Break down larger goals into smaller, manageable steps. This not only teaches them the importance of setting objectives but also the satisfaction of accomplishing them.

Celebrate Small Wins:

Acknowledge and celebrate the small victories and achievements in your children's lives. This positive reinforcement encourages a growth mind set and boosts their confidence.

Create a Positive Environment:

Foster a positive and supportive environment at home. Encourage open communication, express love and appreciation, and address conflicts in a constructive way. A positive home atmosphere contributes to your children's emotional well-being.

Plan Family Activities:

Schedule regular family activities or outings. This could be a simple game night, a weekend hike, or a movie night. These shared experiences strengthen family bonds and create lasting memories.

Model Positive Behavior:

Children learn by example. Model the behavior and values you want to instill in your children. Demonstrate kindness, patience, and resilience in your own actions.

Stay Flexible:

While routines are important, be flexible and adaptable. Life is unpredictable, and being able to adjust to unexpected changes helps create a harmonious family environment.

Remember that parenting is an ongoing journey, and the new year is an opportunity to reaffirm your commitment to being the best parent you can be. Embrace the joys and challenges, and approach each day with love and patience. Wishing you and your family a happy and fulfilling new year!
