Investiture Ceremony is an important event which gives a good start to the activities for the academic year. To follow the legacy, on 19th April 2024 - Friday 'The Jain International School, Chh Sambhaji Nagar had organized the Investiture Ceremony for the academic Session 2024-2025. The ceremony was to badge the leaders of this academic year who would be leading all the curricular and co-curricular activities this year and work with the team effort and bring out new and challenging events with all the success.

Investiture means a formal investing of a person with authority, power, right, office and dignity. It's rightly said that 'leaders are not born, they are made'. Year after year, it reminds us of the trust and confidence that we repose in our newly elected and selected student council members. The Investiture Ceremony was graced by the presence of Respected Ashok Hange Sir (Retd officer Army medical corps). It was indeed an honor of having such a Chief Guest for presiding the function. The function was compered by students of grade 10. It began with an Invocation dance followed by the wonderful school song. Our C00 and Principal Mrs Shikha Srivastava ma'am welcomed the guest and addressed the gathering.

The badging ceremony of the newly elected candidates was carried out by the Chief guest and Principal ma'am. The Oath taking ceremony was led by our PE department head, Dr Rahul Shriramwar. All the elected Apex body members pledged to work earnestly and uphold the honor and glory of the institution. The Chief Guest, Mr Ashok Hange shared his thoughts and experiences in life and admonished the students as to how one's own life experience, moral values, discipline in life can help to shape the future and become a good leader. He encouraged all the students to always walk on the correct path, stick to it and be the change.

Our Principal ma'am congratulated the newly elected apex body members and wished them to solemnly take their duties and responsibilities with utmost dedication and diligence. Ma'am motivated the members to keep up the good work despite of all the obstacles and challenges that life brings in front of them. The vote of thanks was proposed by the Head boy, Bhargav Deshmukh. The program witnessed a smooth transition.

The ceremony ended with clicking of the photos.

Certainly! Parenting is a dynamic journey that requires flexibility and adaptability to the changing needs of children. Here are some tips specifically tailored for the months of April and May in the context of India, focusing on kickstarting and rejuvenating:

### 1. Outdoor Activities:

With the weather becoming warmer, encourage outdoor activities that allow children to soak up some Vitamin D and fresh air. Plan family outings to parks, playgrounds, or nature reserves. This not only promotes physical activity but also provides an opportunity for children to explore and connect with nature.

### 2. Creative Projects:

Engage children in creative projects that stimulate their imagination and foster self-expression. This could include art and craft activities, gardening, or DIY projects using recyclable materials. Encourage them to create something meaningful that they can proudly showcase or gift to others.

### 3. Healthy Eating:

With the onset of summer, emphasize the importance of staying hydrated and consuming nutritious foods. Incorporate seasonal fruits and vegetables into meals and snacks. Encourage children to drink plenty of water and avoid sugary drinks. Get them involved in meal planning and preparation to instill healthy eating habits from a young age.

### 4. Mindfulness and Relaxation:

Teach children mindfulness techniques and relaxation exercises to help them manage stress and anxiety. This could include simple breathing exercises, yoga, or meditation. Encourage them to take breaks from screens and engage in activities that promote mental well-being, such as reading, journaling, or listening to calming music.

### 5. Learning Through Play:

Make learning fun by incorporating educational games and activities into everyday routines. Use board games, puzzles, or interactive apps to reinforce concepts in math, science, and language. Take advantage of the longer daylight hours to organize educational outings to museums, zoos, or historical sites.

### 6. Quality Family Time:

Prioritize quality family time amidst busy schedules. Set aside dedicated time each day for meaningful interactions, such as family meals or storytelling sessions. Plan weekend getaways or staycations to bond as a family and create lasting memories together.

### 7. Encourage Independence:

Foster independence and responsibility by assigning age-appropriate chores and tasks. Encourage children to take ownership of their belongings and contribute to household responsibilities. Praise their efforts and provide constructive feedback to boost their confidence and sense of accomplishment.

### 8. Stay Connected:

Stay connected with other parents and caregivers to share experiences, tips, and resources. Join parenting groups or online forums to seek advice and support from like-minded individuals. Building a strong support network can help alleviate parenting stress and provide valuable insights.
