## THE MONTH IT WAZ.... (November 2020)

**Quotable Quote:** "Time is not measured by the passing of years but by what one does, what one feels, and what one achieves."

– Jawaharlal Nehru

## Assembly Presentation by Grade V Topic: Time Management

If you have something to do

Just do it and do not wait

Make it a routine in your life

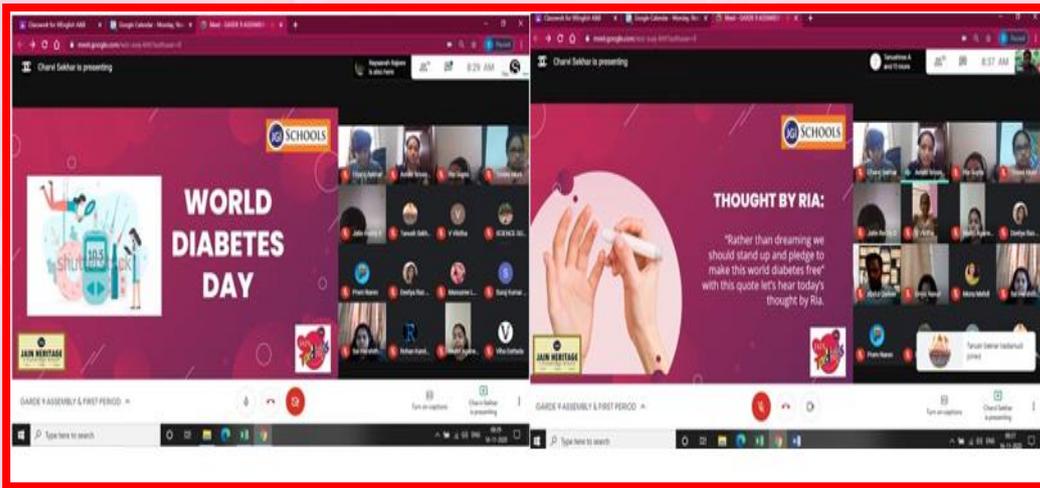

Yes, a habit to never be late.

"Time is free, but it's priceless! You can't own it, but you can use it!"

Morning assembly on the topic 'Time management' was conducted by the students of Grade V from 16th to 21st November. The students focused on the importance of managing time as we can neither create it nor rewind it for our benefit. Ordinary people spend their time but great people use it. Time is more important than money as money can be earned but time cannot be gained. Time is like a river the flow once passed cannot be reversed. The assembly included the thought for the day, the word for the day, news, and meditation. Pledge was administered by Mahitha K, Anutara Ojha, Hemakesh Byna, Pritam Raula. Thought for the day was spoken by Aarushi Adya P, Durva Trivedi, Vanya Jaiswal, Prithvi Raj Paul. Aryaveer Sharma, M Harini, Advim Sharma, Udbhava Reddy enhanced the vocabulary of the students by speaking the word for the day. The morning session began online with soothing yoga and meditation exercises by Ms. Samatha to release the stress and look forward to the blessed morning that God has gifted us.

The students learned that time management can be done by using a daily planner and focusing on our priorities. Time is as abstract as it is unavoidable. People have worried over it for centuries however the worry will never work instead judicious utilization of time will be fruitful. They also learned to focus on the importance of taking out time for things like prayer, think, play, dream, and appreciate. The assembly presentation showed the importance of coordination amongst the students. The assembly reflected the good work and effort of our pupils.

## Special Assembly Presentation on World Diabetes Day by Grade IX

“It’s not just about losing weight; it’s about losing the lifestyle and mindset that got you there”. A marvelous assembly was conducted by the students of Grade IX on the 16th of November 2020. The topic of the assembly was “World Diabetes Day”. It was a pleasure to see all the students performing so

confidently. They self-aware themselves about diabetes. They exchanged their thoughts on the topic. The anchoring was done exquisitely by Avishi Srivastava. Ria shared a heart stirring thought. Prem highlighted the meaning of Diabetes while Vikitha updated us with the news headlines. A wonderful article was shared by Suraj which informed us about what exactly diabetes is. Overall, the assembly was impeccably executed to educate and entertain students and teachers alike.

Avishi Srivastava - Grade IX

## Talent Show for Grade II and V

“Free the child’s potential, and you transform him into the world.”

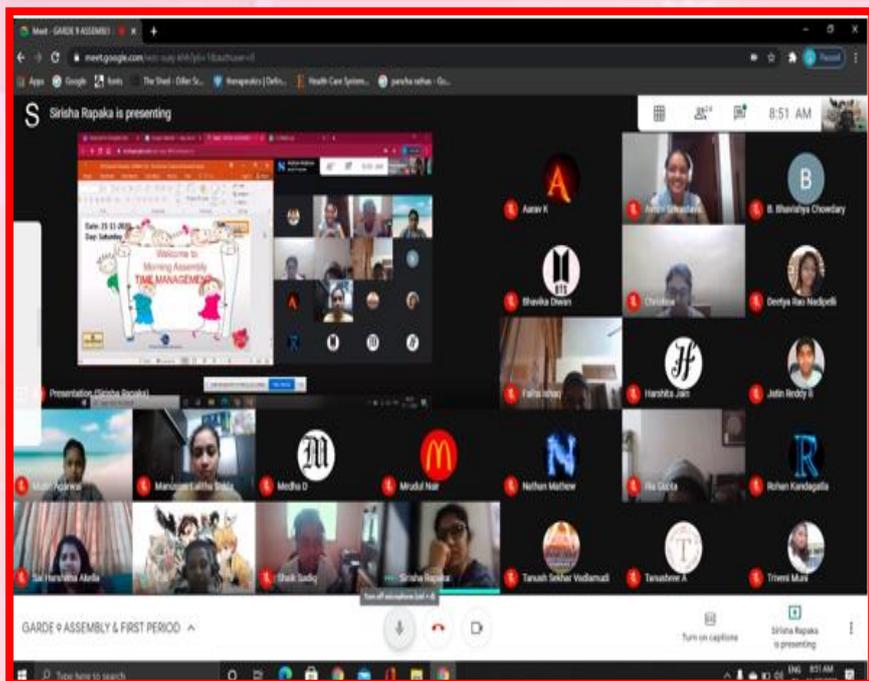

-Maria Montessori.

Holistic development of a child’s potential does not only build their academic capability but also their skill of performing various art forms like singing, dancing, making drawings, etc. At Jain Heritage A Cambridge school we conduct various co-curricular activities that provide the students an avenue to build these artistic skills.

There is nothing more entertaining or memorable to students than to see their friends celebrated front-and-center! A talent show was conducted for the students of Grade II and V on November 19th, 2020. Participating in a talent show gives the students recognition for non-academic talents. It also provides character-building lessons during try-outs, practice, and performance. It’s a wonderful team building experience for all ages. The purpose of conducting the co-curricular activity is not only to blend learning with fun but also to develop confidence in the students by allowing them to show their talent in front of everyone. Children dressed up in their colourful costumes and showed their talent. Some students narrated stories, few recited rhymes, some performed beautiful dances, and some made drawings. Other students played musical instruments like Electronic keyboard, cracked jokes, showed magic tricks, and made paper articles with Origami. The effort and hard work of the children were highly commendable. This activity proved to be a great learning experience for the students and gave them a platform to explore their hidden talents. The students got an opportunity to prove their skills in Extra Co-Curricular activity. This fun-filled activity witnessed enthusiastic participation by all students. Overall, the program proved to be a great success.

## Assembly Presentation by Grade IX Topic: Time Management

**“Time Management is Life Management”**

A splendid series of assemblies were conducted by the students of Grade IX from the 16th to the 21st of November. They returned with gusto after their holidays and expounded the importance of time. They shared enlightening thoughts, added to our vocabulary and shared some edifying articles. In the process, the students learnt and shared how the management of life could be the difference between an ordinary life and extraordinary life.

## Special Assembly Presentation on International Men's day by Grade X

**“To be real man means, to know how to face your mistakes, learn to forgive and try to help everyone who needs”**

Every year, World Men's Day is commemorated on - 19 November. The event aims to shine a spotlight on men who are making a positive difference, to focus on men's health and wellbeing issues, and to improve gender relations.

A special assembly was conducted by the students of Grade X on the topic “World Men's Day”. Anchoring was done by Aditi. Raghav described the problems faced by men. Gurusimran showcased various accessories worn by boys and men. Venkat and Harshitha described their male role models. Sameer articulated an article on “World Men's Day.” On this special occasion, a survey was conducted by Nikhila about the style preferences of beards and moustaches amongst the boys from the class. Our class teacher Mr. Srikant appreciated the efforts, hard work and dedication put in by all the students. The senior co-ordinator Mr. Mahesh spoke about Gender Equality. He inculcated moral values amongst all the students. He emphasized the fact that these days both men and women have the opportunity to contribute equally to the household work and professional work and this should continue. The students of grade X transformed the simple morning assembly into a significant learning space.

All the students participated actively in the assembly. Overall, the assembly was very informative and well-planned.

Aditi Paul - Grade X

## No Fire Cooking Activity for Grade VI and VII

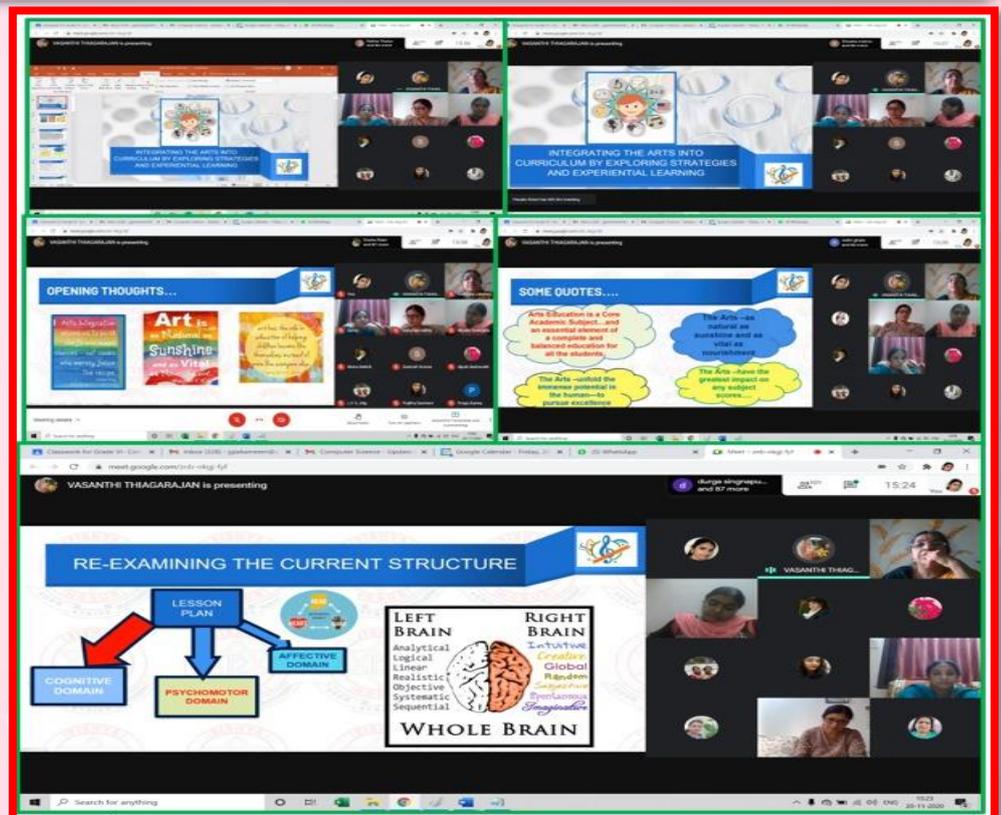

As part of the CCA Activity and to develop the skill of non-flame dishes a “No Fire Cooking Activity” was conducted for students of Grade VI and VII on the 20th of November, 2020. The aim of the activity was to provide a platform for students to showcase their talent and explore new areas of interest. It was conducted with a view to create awareness about the nutritional value of food cooked without fire. The students prepared healthy dishes like ‘Dry Fruit Laddu, vegetable sandwiches etc. using easy and quick recipes. They served the dishes in an artistic and aesthetic way. Children participated with full zeal and enthusiasm as they doled out nutritious yet delectable delicacies.

## Mid Term Faculty Training Programme

The Mid Term Faculty Training Programme of 2020-21 was conducted virtually for various branches of Jain Group of Institutions on 20th November, 2020. The session was addressed by Academic Director, Mrs. Lakshmi Rao. Principal Mrs Mona Mehdi introduced the speaker for the day Dr Vasanti Thyagarajan. The speaker introduced the topic “Integration of The Arts As Powerful Tools For Learning And Linking A Concept To the Arts.”

The integration of art into the curriculum for subjects like Math, Science, English etc., has been shown to increase understanding and retention, and aids in the development of creative problem-solving skills. The art integration concept introduces tactics that teachers have known for a long time, namely, that bringing creativity into the classroom keeps students engaged and can be involved in the class in a much more interactive way. An interesting video on Dance of the Molecules was shared with the teachers. The session emphasized on 9 steps to integration of art and the purpose of integration. The speaker also focused on concept identification, how the learning outcomes can be made ‘SMART’, exploring arts that are suitable for our content, etc. teachers from various branches of JGI have taken an active participation in the activities that were conducted online. On the whole it was an informative, interactive and helpful session to all.

## Special Assembly Presentation on World Television Day by Grade V

Television is a medium:  
of broadcasting news  
Out of many programs we can  
choose;  
It is a source of knowledge;  
If judiciously used, we can gain so  
much.

International days are occasions to  
educate the public on issues of  
concern, to mobilize political will and  
resources to address global  
problems, and to celebrate and  
reinforce the achievements of  
humanity. Students of grade V  
conducted a special assembly on the  
topic "World Television Day" on 21st

November. This day is globally accepted and acknowledges the role of the media. Authors, journalists, bloggers, and others associated with the media come together to promote this day. This day acts as a platform for the people belonging to broadcasting and media to discuss and to interact about the success achieved in reaching this peak. Interaction between emerging and traditional forms of broadcast creates a great opportunity to raise awareness about the important issues being faced by our communities and our planet. Televisions have become an essential part of our lives. They have become so common that we have forgotten how all this began. It was not all colorful and crispy from the start. Initial days of television had a limited number of channels whereas now we have a plethora of high-definition channels along with apps that can be directly installed on our Smart TVs.

The special assembly was anchored by Aryan. Pledge was administered by Hemakesh. Word and thought for the day were articulated by Sai Kruthi and Vyshnavi respectively. Rohitha, Ujesh, and Advim threw more light on the topic. They described and explained the origin of television, inventor of television. Also, they intricately interwove the connection between the earlier huge, massive TVs which looked just like a laboratory to the sleek, thin LCD and LED models of TV which can be seen today. Karthikeya displayed a model of Television that looked like a real one. He also explained the fun facts related to TV. Students of Grade V exhibited their artistic skills and bend towards the arts by making beautiful and colorful posters related to the topic. Posters were made by many students of the class which were presented to all the students and teachers virtually through PPT. Ms. Eva appreciated and praised the students for the wonderful assembly, discipline, and dedication of the students. Their hard work was visible. Overall, it was quite an informative assembly that involved 100 percent participation by the students. The students developed metacognitive skills, artistic skills, and learned how to cooperate.

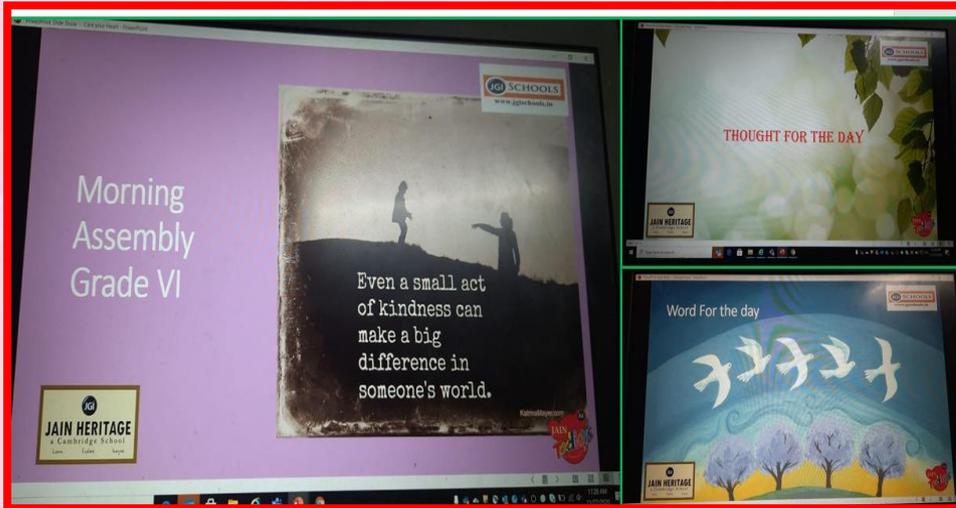

## Vegetable Carving Activity for Grade IX and X

"The aim of art is not to represent the outwards appearance of things, but their inward significance - Aristotle"

Students from grade IX-X participated in "Vegetable Carving Activity" conducted as part of Co-Curricular Activities on 20th and 26th November, 2020. Students from these classes displayed their creativity and carving skills by making many beautiful designs, by cutting and modifying the shape and structure of various vegetables. The students abided by the teacher's rules and made their designs with discipline. Overall, the activity was a success with students being able to display their art and creativity skills to others.

## Assembly Presentation by Grade VI Topic: Art of Kindness

“When you are kind to others, it not only changes you, it changes the world.”

Kindness is the quality of being friendly, generous, and considerate. An act of kindness actually means a selfless act performed by an individual in order to make someone happier without any compensation. It is the key to change people’s perception. This can help minimize the number of misunderstandings and create a less conflict-friendly climate.

Kindness often includes compassion speaking the truth because it is useful to others. Careful communication is an integral aspect of a trustworthy friendship in a caring manner. Every act of kindness has a positive impact on both the person who performs that act and the recipient, irrespective of whether it is recognized. To start being kind we the students of Grade VI conducted the morning assembly on the topic “Art of Kindness” from the 23rd to 30th November, 2020. To understand kindness, we started the assembly by praying the almighty followed by the school song. The students took the pledge, presented us with new words, inspired us with thoughts and quotes, updated us the latest news and shared splendid articles and made us understand kindness. We have learnt to be kind and spread kindness to everyone. We thank Kavitha ma’am and Komal ma’am for guiding us to prepare and present the topic well.

“Do things for people not because who they are or what they do in return, but because of who you are”.

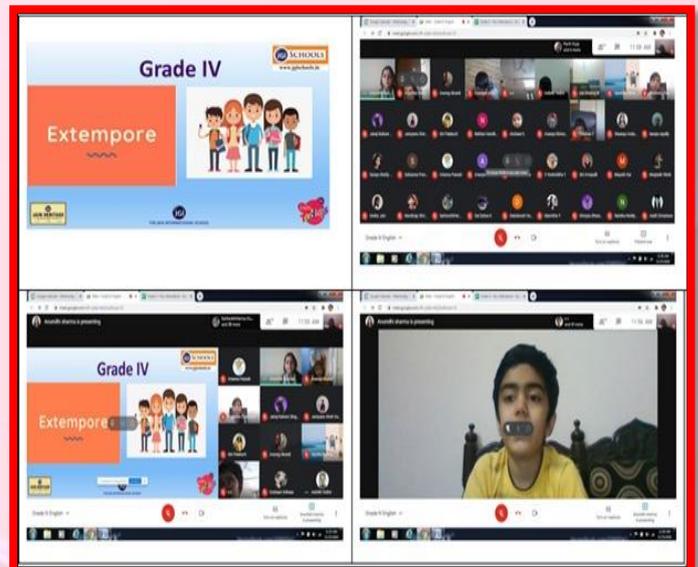

Article contributed by Sanjana - Grade VI

## Extempore Speech for Grade IV

“If you can speak, you can influence, if you can influence you can change lives.”

As a part of CCA, Extempore speech was conducted for the students of Grade IV on 25th November. All the students participated in the activity. Activities like this develop the candidate’s ability to think, organize, and speak on the spur of the moment. The students understood the topic. They tried to figure out the key issues which need to be addressed and then logically position them to create a coherent and well-knitted speech. While articulating, fluency and modulation are key determinants of verbal effectiveness; energy, eye contact, gestures, content, voice modulation, pronunciation mark the efficacy of non-verbal connect.

The students participated with excitement and waited for their turn. Students spoke confidently and gracefully about diverse topics like Time Management, Hygiene, Cleanliness, Make in India, and many more. The spontaneous performance of the students while delivering the impromptu speech was commendable. This activity helped in enhancing effective communication skills and develop fluent speaking ability.

## Assembly Presentation by Grade I Topic: Art of Kindness

“Kindness begins with us. When we are kind to ourselves, we fulfil, honour, and nourish ourselves.”

Kindness is defined as the quality of being friendly, generous, and considerate. Affection, gentleness, warmth, concern, and care are words that are associated with kindness. Being kind often requires courage and strength. Kindness is an interpersonal skill. The Art of Kindness will delight and inspire kindness in us, and others. A sense of community is created when people are kind to those who need help and it spreads like the ripples on a pond and a warm smile is the universal language of kindness. There are different ways to practice kindness. One way to be kind is to open your eyes and be active when you see people in need. Opening your eyes means noticing when others

are suffering. To know this the students of Grade – I have conducted the morning assembly on the topic “The Art of Kindness” from 23rd to 30th November 2020. Different days of the week were allotted to different students to present in the assembly. The day started enthusiastically with a prayer followed by the school song. Pledge was presented by Parinithi, Prakruthi, Rishab, Rudra, Saharsh and Siddharth; followed by an enriching thought by Kushi, Gayathri, Aarush, Garima, Vihaan, Mathew; and to enhance the vocabulary, word of the day was administered by Achyutha, Ansh, Zohan, Paarth, Varun, Mahitha. Through an enriching thought and word, the students understood that a kind word, a smile, opening a door, or helping carry a heavy load, celebrating someone you love, giving honest compliments, sending an email thanking someone, telling someone how she/he is special to you, helping an elderly neighbor with yard work or food, taking a photo of someone and sending it to the person, sharing homemade food, opening a door, or helping carry a heavy load, refusing to gossip, and donating old clothing and things you don't need are all ideas about how to practice kindness. Mrs. Pujitha emphasized the significance of “The Art of Kindness” through a quote saying “We can't help everyone, but everyone can help someone.” At last, the assembly was culminated by energetic exercise and a mindfulness meditation followed by the national anthem.

## Special Assembly Presentation on Constitutional Day by Grade VII

The strength of the Constitution lies entirely in the determination of each citizen to defend it. Only if every single citizen feels duty bound to do his share in this defense are the constitutional rights secure. – Albert Einstein

26th November commemorates the adoption of the Constitution in India. On this day in 1949, the Constituent Assembly of India formally adopted the Constitution of India that came into force on 26 January 1950. On this occasion; the students of grade 7 conducted a virtual morning assembly on the topic, “Constitutional day” on 26 November 2020, Thursday. These kinds of morning assemblies help to build confidence in students and also impart

valuable lessons. The assembly started with the prayer which was followed by our school song, the anchoring was done by Jyoshna. The pledge promising our respect for our country was recited by Threedha. The thought and word of the day were shared by Ananya and Rayhaan respectively. Students read article and poems emphasizing the importance of the constitutional day. A presentation was made by Pragna. Students also did role play on the topic Equality and Gender Discrimination. Through the role play, students learnt that everyone is equal and has the right to be treated with dignity. They also learnt that girls are no different than boys and are capable of doing anything. Students got to know amazing facts and information related to the constitution of our India. As someone has said, “The constitution only gives people the right to pursue happiness but we have to catch it ourselves.” This assembly encouraged students to do just that.

## Chairman Championship 2020-2021

“Man's capacity for justice makes democracy possible, but man's inclination towards injustice makes democracy necessary” - Reinhold Niebuhr

JHCS KP conducted few stunning and eye-catching activities for the students on the significant occasion of Chairman Championship.

As part of the Chairman Championship 2020-21 Drawing and Colouring, Poster Making and story writing competition were conducted for Grade I-VIII from 23rd to 27th November 2020 on the themes My Family, My Favourite Cartoon, My Favourite Festival, Save Nature, Save the World, Save Girl Child, Life after Pandemic and Pandemic and Education.

As the famous painter, Pablo Picasso has

said, “Every child is an artist”. The entire week was marked for the activities by the students. The students expressed their views and thoughts by drawing, writing slogans, and quotes. One could see and feel the enthusiasm that the students had in their presentation. These activities kept the students engaged and these were organized to explore and encourage creativity in students and offer them a platform to showcase their skills. They enjoyed this coloring/poster making competition wherein they were able to showcase their vivid choice of colors. It was a delight to watch children work with such ease with colors. Each child participated passionately in the competition and took great care to color their masterpieces neatly. Story writing competition inspired the students to think and work creatively to promote artistic excellence. They came up with innovative ideas, creativity, and wrote compelling coherent short stories based on the theme given. The students wrote beautiful reflective pieces that were original and self-expressive. The stories seemed to reveal the whole gamut of human emotions. Indeed, their thoughts and feelings were bolstered by their skill.

On the morning of November, the 28th, students from various branches of the Jain Group of Institutions, came together virtually to conduct the most prestigious competition ‘Model Youth Parliament 2020-21’. The programme commenced with a virtual lighting of the lamp and a virtual tour of the Indian Parliament. Academic Director, Dr. Lakshmi Rao addressed the gathering with her insightful speech. The chief guest, Dr. Amit Jain, the youngest committee member of the Niti Aayog delivered a motivational speech about his life to the students, who were all inspired by him. Academic Auditor Dr. K. Partha Sarathy, Dr K Ram Chandra and Centre head of Jain Toddlers Kondapur Mrs. Lalitha Kosaraju adjudged the competition.

The Parliamentary session started off with the national anthem and the speaker of the house, announced the topics that are to be discussed and debated about. Students from all branches participated in the session enthusiastically with the opposition parties such as INC, TRS and the Shiv Sena debating and asking questions about recent legislative happenings such as the new National Educational policy (NEP 2020), the Agricultural Bills etc., and a few rhetorical questions were posed to the ruling government, BJP. The Parliamentary session ended with the discussion and the passing of legislative bills.

The CEO of JGI, Dr. Chandra Shekhar DP congratulated all the schools who participated in the Model Youth Parliamentary session and made it happen. Guest of the day Dr K Ram Chandra expressed his insightful thoughts about the program. Principal Ms. Mona Mehdi congratulated the young parliamentarians and also shared her views about the parliamentary happenings. Overall, the competition was a successful and an exhilarating one, with students getting fruitful knowledge of legislative happenings of the parliament in our country.

# SCHOOL IS COOL

THURSDAY, NOVEMBER 12, 2020

It's not just a place where  
Relativity. It's also a place  
classroom. Hence we say

## W E E K E N D P L A N

### Time to relax, recharge & reboot

**O**n weekdays, we have hectic schedules comprising back-to-back virtual classes, and monthly examinations. We take a sigh of relief when the weekend starts.

During the weekend we enjoy to the maximum. My siblings and I use the weekend to rejuvenate our minds and elevate our mood, lifting our spirits from the burdened spirit to a free soul. We ensure that during the weekends, we watch at least one entertaining movie which makes us laugh and dance. We cook at times, getting better at it every time. We learn differ-

ent songs, singing them many times, rehearsing them, and then correcting each other whenever we go wrong. We spend some time with the plants observing different interesting phenomena, for example, observing the stages of a flower's development, and then its slow withering. Even though due to the lockdown, we are all locked inside our

houses, we are not able to spend much time with each other keeping busy in our daily study routine. Weekends allow us to devote plenty of time to each other. We get time to talk with our grandparents and infer something from their valuable words and advice. At times during the weekends, we also sit together to learn something new or just improve a skill we already possess. The weekends, therefore, play a massive role in rejuvenating us to focus our energies on weekdays and focus on our work.

**ADITI PAUL**, class X,  
Jain Heritage A Cambridge  
School, Kondapur

**T**he current pandemic across the country has made the students anxious and uncertain about whether or not and how the board exams will be held. Students should not give in to this fears and be patient and open-minded for what comes ahead of them. Even if his/her scores don't come

out well, they shouldn't be discouraged as it doesn't mean the end.

They might be good in other areas and may excel in them.

"Remember, if the plan doesn't work out, change the path but never the goal".

Stay safe and be patient.

**WEDNESDAY, NOVEMBER 18, 2020**

## DIWALI - THE FESTIVAL OF LIGHTS

Diwali is the festival of lights  
We all burst crackers in the night.  
On that day we like to eat sweets  
And many many tasty treats

We make Colorful Rangolis at the door  
Every year we make them, for sure  
House walls get fresh paint coats  
And We wear beautiful and new clothes

On Diwali, Diyas are everywhere  
In the city, here and there  
Beautiful ornaments, necklaces and rings  
We Worship deities, with hopes on wings.
