Quotable quote: The start of something new brings the hope of something great.
-Anonymous

Assembly Presentation By Grade IX A
Topic: Hope

“Hope is being able to see that there is light despite all of the darkness.”

Day of Hope is celebrated annually on the first Wednesday of April. It is a day of inspiration and motivation for everyone to become aware of the need to rescue children and adults experiencing various forms of abuse, illnesses, and traumatic events. Many of us could not even live a life of peace without having hope deep inside the heart. Life is unpredictable, hard and quite notorious at times. Things go out of hand and beyond of our control many times. It is a powerful thing. It is an optimistic state of mind that is based on an expectation of positive outcomes with respect to events. Students of grade VIII A, conducted special assembly to celebrate the day of hope on 5th April. Through the assembly students emphasized on the importance of hope as it not only gives you the strength to overcome a pain, but it also makes the journey for the future easier.

The assembly started enthusiastically with prayer followed by school song, pledge, a very positive thought and an inspiring word. The students motivated their friends by giving them the information about the ways in which hope can make our life better and positive in different ways like reducing feelings of helplessness, increasing happiness, reducing stress, and improving our quality of life. We all students learnt that hope is an inspiration to live life the best way we can. So we should make our hope strong. Hope will give us the courage and inspiration to stick to our dream as long as we breathe. If we have a strong aspiration, hope and faith, nothing can bring you down. The assembly was then concluded with the National Anthem sung by all.

-N.Gurudatta
Grade IX A

Assembly Presentation By Grade X Topic: International Day of Sports and Peace

The international day of sportsman peace is celebrated on the 6th of April. This day celebrated all around the world in order to promote the ideals of both sports and peace. It serves as a significant topic for students to be educated on as it helps students develop the ideals of peace in sports. This day is also celebrated to acknowledge the importance of sports in character building. Sports develops important ideals of peace building among players. Sports offer us a unique position to show leadership, take responsibility, act against injustice, and amplify the causes that need urgent attention. Sports can also help communicate important ideas to as wide an audience as possible. The students of Grade X of JHCS Kondapur, conducted a special assembly on the occasion of “International Day of Sports and Peace”. The assembly was anchored with clarity by Vidhi. The pledge was taken by Ananya with utmost confidence. Ram enriched everyone at the gathering with an amazing thought. To enrich our vocabulary Abhinav came with the day's word. An informative article to give more information on International Day of Sports and Peace was presented by Maanya. Utkarsh read the days important news headlines in order for us to stay informed on our surroundings. As everything comes to an end so did the special assembly. The assembly was concluded by singing our national anthem and bringing fourth our inner patriotism. In conclusion the assembly served insightful program helping students learning about the significance of sports and peace.

-Utkarsh Reddy
Grade X

CCA Activity for Grade I-III Topic: Coloring Activity

“Colour is a power which directly influences the soul.”

Wassily Kandinsky

Coloring is a form of art therapy that allows you to express your creativity without any fear of judgement or failure. It has been shown to have a calming effect on the mind and body, reducing anxiety and stress levels. This is because when we colour, our brains focus on the repetitive and rhythmic motions which can lead to a meditative state. This meditative state can help to slow down our breathing, lower our heart rate and bring a sense of relaxing to the body.

Coloring is an excellent way for children to express themselves, develop their motor skills, relax and enjoy quality time. CCA is a part of a school activity and coloring activity was organized for the students of Grade I to III on 6th April 2023. All the students enthusiastically participated in the activity. The activity was fun and proved to be great creative for the students.

-Ms. Garima

CCA Activity for Grade IV-V Topic: Show and Tell

“Tell me and I forget. Teach me and I remember. Involve me and I learn.”

Show and tell is the practice of showing something to an audience and describing it to them, usually a toy or an object. Show and tell sets the stage for us to become comfortable when speaking in public. When presenting during the show and tell, the students are expected to talk about a variety of topics, organize their thoughts and convey main ideas.

Show and Tell activity was conducted for grade IV and V students at JHCS KP on 6th of April 2023, as a part of CCA activity. All the students got an opportunity to stand up in front of their friends and speak about the object they prepared to talk about. All the participants were very energetic and were thrilled to be a part of this activity. The students have spoken on their favourite objects like wall hangings, Christmas tree, compass box, ... etc. Show and Tell builds confidence and helps them to develop effective communication skills in daily life. They all thoroughly enjoyed the activity as they all listened to their friends expressing their thoughts about their favourite objects. The happiness of the students was amply evident with applause and appreciation.

Ms. Sweta Reddy

Assembly Presentation By Grade VI B

Topic: Siblings Day

“They say that no matter how old you become, when you are with your siblings, you revert back to childhood.”

Sibling Day is to honor the unique and special bond that we share with our brothers and sisters. Whether we have one sibling or many, they play an important role in our lives and are often our first friends. They can teach us important life skills like sharing, compromise, and conflict resolution, and they often understand in ways that no one else can.

On the occasion of Sibling Day, students of Grade VI B conducted a special morning assembly on 10th April. It focused on the importance of sibling relationships. The assembly began with prayer followed by the school song. The assembly featured various speeches that aimed to celebrate the special relation between siblings. Students shared the thought for the day and word for the day, highlighting the unique and special connection they share. The assembly also included a special song dedicated to siblings.

Overall, the special morning assembly conducted on the occasion of Sibling Day was a wonderful opportunity to celebrate and honor the bond between siblings. It highlighted the importance of sibling relationships in our lives and encouraged us to appreciate and cherish the unique connection we share with our brothers and sisters.

-Ms.Anunidhi

Assembly Presentation By Grade IX B, III B, VI A & IV B Topic: Resilience

“Life doesn’t get easier or more forgiving, we get stronger and more resilient.”

Resilience is the capacity to recover quickly from difficulties and to adapt and grow in the face of adversity. It's the ability to find strength within ourselves and to persevere despite the challenges we face. Resilience is not something we're born with; it's a skill that we can develop and cultivate over time.

From April 11 to April 21, grade IX-B, III B, VI A & IV B held an assembly to enable the students to learn more about the topic “Resilience”. A prayer and the school hymn opened the assembly. Students were invited to the platform and provided us with motivational sayings and a new word to expand our vocabulary. Following that, the news headlines were read so that everyone could keep up with what was going globally. The assemblies were concluded by singing the National Anthem.

So, let's all commit to cultivating our resilience. The students learned to focus on the possibilities rather than the limitations, keep going despite setbacks, and be adaptable and flexible in the face of change. They also learned to build a strong support network, take care of ourselves, and embrace challenges as opportunities to grow and learn. Resilience is not just about bouncing back, but bouncing forward to a stronger and more resilient you!

-Adesh
Grade IX B

Assembly Presentation By Hindi Department Topic: Jalianwala Bagh Massacre

जलियाँवाला बाग अमृतसर के स्वर्ण मन्दिर के पास का एक छोटा सा बगीचा है जहाँ 13 अप्रैल 1919 को ब्रिगेडियर जनरल रेजिनाल्ड एडवर्ड डायर के नेतृत्व में अंग्रेजी फौज ने गोलियां चला के निहत्थे, शान्त बूढ़ों, महिलाओं और बच्चों सहित सैकड़ों लोगों को मार डाला था और हजारों लोगों को घायल कर दिया था। यदि किसी एक घटना ने भारतीय स्वतन्त्रता संग्राम पर सबसे अधिक प्रभाव डाला था तो वह घटना यह जघन्य हत्याकाण्ड ही था।

इसी घटना की याद में यहाँ पर स्मारक बना हुआ है। इस स्मारक में लौ के रूप में एक मीनार बनाई गई है जहाँ शहीदों के नाम अंकित हैं। वह कुआँ भी मौजूद है जिसमें लोग गोलीबारी से बचने के लिए कूद गए थे। दीवारों पर गोलियों के निशान आज भी देखे जा सकते हैं। इस दुखद घटना के लिए स्मारक बनाने हेतु आम जनता से चंदा इकट्ठा करके इस जमीन के मालिकों से करीब 5 लाख 65 हजार रुपए में इसे खरीदा गया था।

इस अवसर पर कक्षा VIII के छात्रों ने विशेष प्रार्थना सभा का आयोजन बड़े उत्साह एवं रोचक पूर्ण ढंग से किया। इस सभा का बखूबी संचालन अनुतारा द्वारा किया गया। शान्ती ने अपने साथियों को कर्तव्यनिष्ठ बनाने हेतु प्रतिज्ञा दिलवाई। प्रितम ने सुविचार द्वारा सकारात्मक ऊर्जा का संचार किया। अंतरा व्यास ने कविता से सबका मन मोह लिया। दूर्वा ने प्रश्नोत्तरी करवाकर सभा को ज्ञानवर्धक बनाया। जलियाँवाला बाग कांड के बारे में अतिरिक्त जानकारी कक्षा VIII के छात्र नक्षत्र, ध्रुव, जेसिका, उन्नति आर्यन, जय, साकेत, वान्या और उजैश ने एक नाटक के माध्यम से प्रस्तुत किया। अंत में सभी छात्रों ने राष्ट्रीय गान गाकर सभा का समापन किया।

इंकलाब का ऊँचा स्वर,
इस पर भी दवा नहीं।
भारत माँ का जयकारा,
गोलियों से डरा नहीं।

-वर्षा चितलाग्या

Assembly Presentation By Grade VII Topic: Baisakhi

The greatest comforts and lasting peace are obtained when one eradicates selfishness from within.

-Guru Gobind Singh Ji

Baisakhi is a festival that marks the onset of a new season. It is also a time to reap crops and therefore, an occasion for celebration.

The festival of Baisakhi marks the establishment of the Sikh community known as the Khalsa or brotherhood of saint-soldiers. The festival also marks the annual harvest in Punjab that ushers in the Sikh New Year.

Assembly is a source of inspiration and experiences that widens and deepens students' interests. To commemorate Baisakhi festival, an assembly was conducted by the students of grade VIIA. We started our assembly with a prayer and school song which purifies our mind and gives us more energy. Tejasree, the anchor, invited the students to share the importance of assembly. To be responsible citizens, our friend Pardhu administered the pledge. Our friend Riyansikha told us an inspiring thought. Jairaj added a new word to our vocabulary related to Baisakhi. This was followed by an article about Baisakhi by Veekshitha. Quiz about Baisakhi was conducted by Akshara. It was a treat to see the students performing a dance with great excitement and enthusiasm and being dressed in traditional vibrant Punjabi attire. Our Principal Dr. Mona Mehdi addressed the assembly and wished everyone 'Happy Baisakhi'. We wound up the assembly by singing the national anthem. The assembly was a spontaneous example of teamwork by the students and teachers, where each child got an opportunity to showcase his/her talent on stage.

CCA Activity for Grade I-V Topic: Bookmark Making Competition

“Between the pages of a book, is a lovely place to be”

Co-curricular Activities (CCA) are defined as the activities that enable to supplement and complement the curricular or main syllabi activities. These are a very important part and parcel of educational institutions to develop the student’s personality as well as to strengthen classroom learning.

On 13th April, 2023 the school conducted a CCA “Bookmark making” from grade I to V. The sole aim of this activity was to provide a platform for students to showcase their talent and explore new areas of interest. Bookmark making among small groups of students enhances their creativity, and boosts their imagination. It is an activity which fosters the creative and inventive skills of a child. The kids truly enjoyed this fun-enjoyable activity. The students prepared beautiful bookmarks. The teachers were glad to see the enthusiasm of students showing their creativity.

-Ms. Swarna

Assembly Presentation By Grade V Topic: World Heritage Day

“Monuments and ancient buildings are an asset to the world. They make for the rich heritage of the nation.”

April 18th marks the observance of World Heritage Day, also referred to as International Day for Monuments and Sites. The primary objective of this day is to raise awareness of the significance of safeguarding cultural heritage, including historical structures, landmarks, and archaeological locations, and to celebrate the variety of global heritage. The day is intended to promote recognition of the value of preserving cultural heritage and encourage individuals to appreciate the multiplicity of world heritage while actively engaging in its conservation and protection.

To mark the significance and importance of ‘World Heritage Day’, students of grade V A conducted the assembly on 18th April, 2023. The day started enthusiastically with prayer followed by school song. Pledge was administered by Kyra, followed by an enriching thought by Mokshitha, and to enhance the vocabulary, word of the day was presented by Sanvi. There was also an informative and interesting article by Rachit. The day is observed to raise awareness and educate people about the importance of world heritage and the role it plays in the Indian History. Through this assembly the students have reminded us that cultural heritage is not only a thing of the past but also a contemporary and relevant aspect that will influence the future. It was an informative assembly, where all the students have learnt about the importance of World Heritage Day.

-Ms. Sweta

Session on Aviation

“When everything seems to be going against you, remember that airplane takes off against the wind, not with it.”

The students of JHCS Kondapur had an awareness session on Aviation by JAG Aviation on 19th April'2023 . Aviation industry is the business sector that manufactures, maintains, and operates the aircrafts and the airports. When it comes to aviation, there is a broad range of responsibilities within. It comprises activities at the airport as well as in the aircraft. The students were excited to understand that they can plan up their career after Grade X itself in this field, once they had their dream to fly high. In a little over a century, our industry has gone from learning to fly, to learning to fly faster, learning to fly further, learning to fly heavier planes, and now to having 100,000 plus commercial flights occurring around the world each and every day – representing over 400 departures per hour! Aviation has truly been at the forefront of innovation to become one of the safest and most reliable modes of transportation in the world today.

Captain Anuj, from JAG Aviation conducted the session. The students enthusiastically participated and asked various questions. They are also given a chance to participate in " Ask the Aviator program" which they need to record their video asking questions for which they have excited prizes on account of " World Pilots Day" on 26th April.

-Ms.Kavitha R

Assembly Presentation By Grade IV A Topic: World Earth Day

Morning assembly is an integral part of the school's schedule. Almost all the schools conduct morning assemblies which include prayers, information of latest happenings, inspiring thoughts, speech, national anthem, etc. A good school is always particular about their morning assembly schedule. The students get to know about their school and its achievements in a better way because of the discussions that are conducted by teachers and students during the assembly.

On April 20th, 2023 the school conducted a morning assembly on the topic "Earth day" which explained the importance of our mother earth. The day started enthusiastically with prayer followed by school song. Pledge was administered by Mythili Priya, followed by an enriching thought by Karthick, and to enhance the vocabulary, word of the day was presented by Jayant. There was also an informative yet Interesting Article by Kushi and a poem by Aishani.

This was a very creative assembly conducted by the students of grade- IV A. In this assembly the students of grade- IV A explained about the importance of the Earth. Lovely poems and articles were also composed by the students of Grade IVA. This assembly taught all the students about our planet earth and spoke about points to conserve the only planet that we have.

-Ms. Swarna

14 Under 14

“Success is the sum of small efforts, repeated day in and day out.”

JGI is always committed towards the holistic development of the students besides imparting quality education. The group not only imparts but also recognizes the hidden talents on different platforms and with this motive a unique program ‘14 Under 14’ Season 3 which has highlighted and honoured 14 outstanding students from each of its four locations, including Kondapur, Aurangabad, Shamirpet, and Nagpur, who excel in academics, extracurricular activities, and sports disciplines. The students submitted nomination forms that were supported with a valid document/ certificate for the achievements. The students were allowed to nominate for more than one category from Academics, Extra-Curricular and Sports. The nominations were evaluated and the final list was prepared by the The jury members Mr. Capt. Syed Masroor Ahmad Rizvi and Ms. Tanuja Samit Bandiwdekar and had selected 14 pupils who are most deserving of the award out of more than 150 applicants. The fundamental goal of this initiative is to instil in children the idea that striving for achievement without effort is akin to trying to harvest what hasn't been sown. No matter how many obstacles we encounter on a daily basis, we must never give up and pursue excellence. A grand event was conducted on 21 April virtually acknowledging the student’s efforts and their achievements. Students are like undiscovered diamonds. One of the most difficult things is figuring out who they are and helping them shine.

There is no shortcut to success!

- Ananya Nair
Grade IX A

Class Party

On 21st April, the students of Class I to X had a blast as they celebrated their end-of-term class party. The event was filled with exciting games, delicious treats, and lots of laughter.

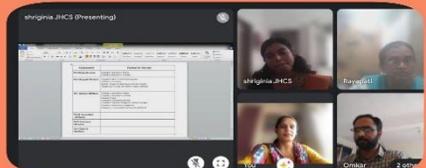

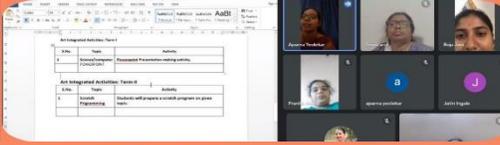

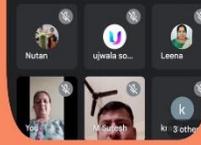

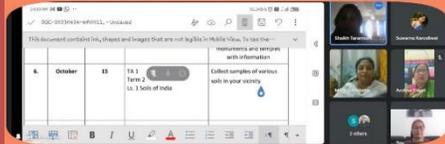

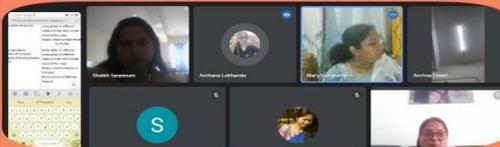

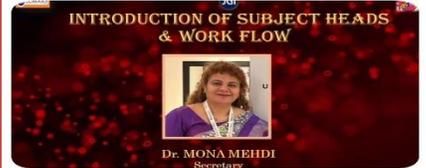

The party started with friendly games, where everyone had a chance to show their dance moves. Next, the students split into teams for a competitive game of Pictionary, which sparked creativity and teamwork. The highlight of the event was a piñata filled with candies and toys that had everyone cheering as it was finally broken. Apart from the games, the students also enjoyed delicious spread of snacks and refreshments, which included cupcakes, sandwiches, chips, and juices.

The class party was not just an opportunity for students to have fun and bond with their classmates, but it was also a great way to celebrate their hard work and achievements throughout the term. It provided a chance for students to relax and take a break from the rigors of academics and focus on having fun. Class parties are an excellent way to encourage team building, social skills, and confidence in students. They also provide an opportunity for teachers to build positive relationships with their students outside the classroom. We hope to see more such events in the future!

Overall, the Class party was a huge success, and we can't wait to see what the next term's party will bring.

-Ms.Mary

Faculty Training Program

“In learning, you will teach, and in teaching, you will learn.”

— Phil Collins

For all four of JGI's branches, a three-day faculty training programme was held from April 24 to April 26 on Zoom Meet . Academic council has perfectly planned the FTP. Dr. Mona Mehdi, the Academic Council's Secretary, addressed to the group on April 24 and provided an update on the three days' activities. Dr. Chandrashekar DP, CEO of JGI, and President of the Academic Council provided all educators with background information. He emphasised the use of interdisciplinary teaching methods, centralised lesson plans, and the significance of the connections between nature, culture, and instructors. He emphasised the significance of planning in life. For a better understanding of the students, the educators divided themselves into different subject groups and discussed about and planned the activities to be included in the syllabus. The meeting was led by experts in the field. The split-up syllabus for each month was selected after discussion and consideration of the number of teaching days. It was indeed a perfect Collaboration of work by teachers, SE & subject heads .The faculty training programme came to an end on April 26 with input from all of the JGI Schools' heads. Dr. Mona Mehdi, the Secretary of the Academic Council, thanked all of the heads, subject matter experts, coordinators, and teachers for their insightful comments and engaged involvement. The three-day faculty training programme emphasised teaching techniques, advanced learning, and improved professional development.

-Ms.Sirisha

View The Review

"The Man-Eater of Malgudi" is a novel by Indian writer R.K. Narayan, first published in 1961. The story is set in the fictional town of Malgudi, and follows the life of a talkative and vivacious barber named Nataraj, who becomes embroiled in the life of a mysterious taxidermist who has a pet man-eating tiger.

The novel is a witty and humorous portrayal of life in a small town in India, and Narayan's writing style is engaging and entertaining. He has a gift for depicting the quirks and foibles of his characters, and the interactions between them are both humorous and insightful.

One of the most striking things about the novel is the way that Narayan portrays the relationship between humans and animals. The tiger in the novel is not simply a ferocious beast, but rather a complex character in its own right. Narayan uses the tiger as a symbol of the wild and untamed forces of nature, and as a reminder of the delicate balance between humans and the natural world.

Parent's Testimony

My ward, Aarya Rajput joined Jain Heritage a Cambridge School, Kondapur in the year 2015 as a scared little third grader shaking with the fear of change. Now, I look back at those days and realize the impact the school made on her. JHCS Kondapur welcomed her with open arms and helped her overcome all the anxieties she held about being inadequate. From day one, she was encouraged and motivated by the supportive hands of all her teachers. This school is where she spent a major part of her life and made irreplaceable memories along with many of her closest friends. She was always provided a knowledgeable, interactive and fun learning environment and firmness as and when required. There was never a moment of quiet in all her years at the school, if the students weren't inside the classroom studying, it was a guarantee they were participating in some extracurricular activity or collaborating with each other in one way or another. Not only did this experience help instill confidence in her, it helped build her drive to step out of her comfort zone. The teachers at JHCS Kondapur were nothing short of inspiring and encouraging. Our first interaction at the school was with the Coordinator, Ms. Shuchita Malhotra, who assured both my ward and I comfort and support throughout her schooling experience. Safe to say, that was exactly what was received. Moreover, their beloved principal, Dr. Mona Mehdi, was always around to provide guidance and values and also greeted every parent with a smile and respect. Jain Heritage a Cambridge School, Kondapur was her home for 8 years and will continue to be no matter where she goes, this is the impact the school and the people within it engraved inside her. Overall, I will forever be grateful to JHCS, Kondapur for helping my child grow.
