

## THE MONTH IT WAZ....

(November 2023)

**Quotable quote: "Time is not measured by the passing of years but by what one does, what one feels, and what one achieves."**  
— Jawaharlal Nehru

### 9<sup>th</sup> Chairman's Championship 2023

**"A champion team will always beat a team of champions."**  
Every year the students at Jain Heritage a Cambridge school Kondapur participate in special activities as a part of the chairman's championship. It's a once in a year opportunity that students always look forward to. This year too, the school had participated in the chairman's championship. The 30th of October marked the beginning of Chairman's Champion week and ended on 4th of November, 2023. Every class has their own specific activities. The activities are personalized to the liking of the students and provides a nice fun way of learning. Each of the activities are based on current events, world and national developments as well as patriotism. The students of grade 1 and 2 took part in "Best out of waste" activity as part of the chairman's championship. The students thoroughly enjoyed scavenging for things they could use around their houses. This activity aimed to teach children the importance of recycling and teach them that not everything is waste. On the other hand, students of grade 3 made fascinating cards on the topic "My nation-My pride". As students made the cards with great enthusiasm, they also learned key components of our nation. It was a creative way for students to showcase their own thoughts.

| 29-11-2023               | Assembly Presentation by Grade I to X<br>Topic: A Goal without a Plan is just a Wish      |

The students of Grade 4 and 5 made innovative posters that captivated everyone's attention on the topic "Diversity of the Nation". They had done research in choosing their slogans and images that would help them showcase the points in the best way possible. It was an amusing activity for students as they interacted with each other and shared their opinions. They also realized that diversity is very important and how it has shaped our nation.

The students of Grade 6 made collages on the Wonders of India. Showed the best and most scenic spots India has to offer. The students were amazed as they made collages, and learned that pictures can really say 1000 words.

They were ecstatic to see each other's work. The activity proved to be a great way for the students to show their creativity.

The students of Grade 7 had a different approach and wrote essays on the topic "One nation, One election". The significance of this activity was to make sure the students saw the different perspectives of their peers and learned new things that could help them understand democracy. The students truly enjoyed this creative writing activity.

The students of Grade 8 shared their opinions in the form of elocution on the same topic. The elocution provided students a platform through which they could openly state their opinions. Through this the students learnt important qualities that are to be embodied like confidence and courage. The students also gained valuable knowledge through this activity on nation welfare and elections in our country. All in all, the activities proved to be successful and not only did they provide a platform for fun but also for learning. It is important that such activities take place at the learning level as they can help students progress on their learning journey through research. These activities proved to be the perfect environment for students to showcase the creativity and visions.

Eventually, Students of grade VIII, IX and X took pleasure in witnessing the International Student-Led Conference organized online by the Academic Council on 4th Nov, 2023. Numerous schools from different countries, such as Dubai, Nepal, and Qatar along with other branches of JGI schools took active participation. The students presented their topics in a diverse manner and it was indeed an educational experience for everyone. Students from a variety of backgrounds attended this conference with the common goal of advancing environmental sustainability. In addition to a special prize for one of our teachers, our school received three awards. Ananya Nair IX, Rohitha Kandagatla VIII, and Gokshetra A IX made up our school's team. We were the winners of the best presentation, best research article, and best runner-up team honors. Before the final day the teams had submitted the abstract and research article a part of research based learning on SDG. The event was presided by our CEO, Dr. Chandrashekhar DP, Jury members Dr Nilofer Hussaini, Dr Uma Shankar and Dr Tajwar Hussaini along with the secretary academic council, Dr. Mona Mehdi and Joint Secretary Ms Laltiha Kosaraju. Learning about sustainability is crucial for students since it will make them better citizens. JGI group provided a platform for students to express their thoughts.

**Master Utkarsh**  
**Grade X – Head Boy**

## Assembly Presentation by Grade III A Topic: World Vegan Day

“Being a vegetarian is a perfect way to attain peace and serenity in one's life”

World Vegan Day, is aimed at spreading awareness among people to promote the joy, compassion, and life-enhancing possibilities of being a vegan. It is celebrated every year on November 1 to promote the environmental and health impacts of the vegan diet. Keeping this in mind the students of Grade III' A' had conducted the assembly on the topic “World Vegan Day”.

The assembly was initiated by Sanshitha as an anchor with a prayer followed by the school song. Avani led the pledge and Reyansh Krsna articulated the thought. Word for the day was presented by Anvika. Puneeth Kartheek presented an article which sought to promote awareness about a vegan diet which is essentially a plant-based diet

made up of elements such as fruits, vegetables, whole grains, legumes, nuts, and seeds which are naturally rich in essential nutrients, and are vital for the overall well-being of a human.”

At last, the assembly culminated with the national anthem.

Ms Shoba

Science Department

## Assembly Presentation by Grade III B & VI B Topic: Aspirations

“ To make a difference, you have to have large aspirations”

Aspirations are dreams, hopes, or ambitions to achieve a life goal. Aspirations can also help give life purpose and meaning. Having aspirations helps to keep you on task and oriented toward your goals. Instead of spending time on wasteful actions that don't help move you forward, working toward your goals, however slowly, will help keep your progress on track.

On 2nd November 2023, students of grade VI B presented an assembly on the topic “Aspirations” . The assembly started with Prayer followed by the school song. Pledge to become model citizens of India was administered by Bhavesh . A thought-provoking word of the day and an insightful thought of the day were nicely articulated by Kimaya and Bisista Das

respectively. Satya Jith presented an article on the topic. Anchoring was done wonderfully by Amrutha.V. On 3rd November 2023, students of Grade III B presented a morning assembly on the topic “Aspirations” .The assembly started with prayer followed by School song. Pledge was administered by Rumaysa with conviction. The word and thought for the day were articulated beautifully by Sheehan and Dakshan Karthik respectively which helped everyone to understand the essence of the topic. Ishitha Y presented an interesting article on aspirations. Anchoring was done expertly by Siva Priya. Students learned If one is looking for a way to reach one’s aspirations one has to work on building self awareness. We must invest our time and effort to do what we love and always be open to change.

Ms Jyothi G

Mathematics Department

## Awareness Programme on Traffic Rules by Cyberabad Security Council

**“Follow traffic rules, save your future.”**

On the 2nd of November, the Cyberabad Security Council conducted an awareness program about traffic rules, regulations, and consequences of not following them in our school premises. 4 traffic police officers of the Cyberabad province took the initiative to usher us about how to follow traffic rules. We were shown many videos of accidents which really happened on the road because of people's carelessness. One mistake and many lives will be gone. These accidents happen in day-to-day life. To solve this problem, the Cyberabad Security Council took the initiative to conduct programs in schools about traffic regulations so that these kinds of accidents will not take place again.

The most important part of driving, about the license was taught to us briefly and explained the procedure to get a license. Driving without a license can be a punishable offense. Driving can be fun only when we follow and abide by traffic rules. Speed thrills but kills. The most important part of the session was traffic signs and boards. Learning about these signs is very important for having a safe driving experience.

Some mandatory traffic rules which are to be followed were explained to us such as wearing a helmet, giving the indicator before 60 meters of turning, wearing seatbelt, and some other important regulations.

Later we appreciated and thanked Cyberabad Security Council and Cyberabad Traffic police Mr. G. Sreekanth Reddy for giving their time for such a wonderful and educational session which is important for each and every citizen of the country and helping us acquire knowledge of these essential and significant rules and regulations. This program was very informative and made our young minds understand about traffic laws. A special thanks to Kavitha .R ma'am for coordinating with the team for bringing them to our school.

**Ms Harshitha  
Grade VIII A**

## Assembly Presentation by Grade IV A

### Topic: World Tsunami Day

A tsunami is a series of enormous waves created by an underwater disturbance. In the last 100 years, 58 tsunamis have killed over 260,000 people, more than any other natural disaster. International Tsunami Day is observed every year on 5th November to spread awareness among people across the world about the dangers of tsunami and the importance of early warning systems in order to save lives and reduce the damage from the devastating natural hazard.

The students of grade IV -A presented a morning assembly on Nov 4th , 2023 to spread awareness about World

Tsunami Day. Kanishq Gangrade and Vivaan S. expertly

took care of the anchoring for the assembly. The assembly started on a positive note with prayer followed by the school song. Next, the students took the pledge to be responsible and disciplined citizens of our country. Pledge was administered with conviction by Sufya MB.

By being aware and prepared, even the worst of disasters can be handled. Aishani Batchu shared the thought of the day which underscored that preparedness is the key to handling a natural disaster which may strike anytime.

Word for the day was presented by Reyansh . Children learned that 'seismology' is the science that helps to identify areas at risk from earthquakes and tsunamis. Next , Jaivant Sai R. Presented an inspirational and interesting true story from Japan which explained why 5th November was chosen as World Tsunami Day.

"Inamura-no-hi" which means the "burning of the rice sheaves": in the winter of 1854, a magnitude 8.4 earthquake struck Japan's Kii Peninsula. After the earthquake, an elderly farmer named Goryo Hamaguchi, in the village of Hiro, saw the tide receding which is a sign of a looming tsunami. He set fire to his harvested rice to get the attention of villagers near the coast and guide them to high ground in the darkness. The 1854 tsunami caused damage and casualties, but his actions saved many in Hiro. It became part of Japanese folklore. This inspiring story is a reminder that common people who are informed and aware, can make a big difference. The assembly concluded with the singing of the national anthem.

# Assembly Presentation by Grade I to VIII

## Topic: Safer Internet

“Think before you click, because what you put out there stays out there”

Assembly on Safer Internet marked out to highlight the importance of creating a safer and more responsible internet environment. The idea is to ensure that users browse the internet securely, without exposing themselves to cyber risks.

When it comes to staying safe on the internet, it's important to be mindful of your personal information, use strong passwords, and be cautious of scams and phishing attempts. Avoid giving out sensitive details like your full name, address, or phone number to strangers or on public platforms. Use a mix of letters, numbers, and symbols, and avoid using easily guessable information like your birthday or pet's name. And remember to update your passwords regularly! In today's digital age, the internet has become an integral part of our lives. It offers us countless opportunities to connect, learn, and explore.

However, it's important to navigate the online world with caution and prioritize our safety. Always think before you click! It's important to protect your personal information, using strong passwords.

The students of Grade I to VIII of Jain Heritage a Cambridge School, Kondapur, presented an assembly on the occasion of Safer Internet on 6th and 8th november, 2023. Anushree sarkar of Grade IV Jessica and Unnathi of

Grade VIII were, the anchor, initiated the assembly by stating the significance of the day. The assembly started with prayer followed by the school song. The pledge to become responsible citizens of India was administered with conviction by Nirvan Sharma of Grade-I A and Jairaj Grade VII . An enriching thought was shared by Siri Medha of Grade III B and Sabiha of Grade VIII. Varun of grade IV B and Lakshitha of Grade VII delivered the word of the day enhancing the vocabulary of the students by sharing the meaning of the word. The oath was taken by Shreyasi Malhotra from Grade VII Anyana,Vihaan ,Sufia, Kushi , Anagha , Hamsika of Grade IV shared few important safety measures to be followed while using internet. Vanya and Durva from Grade VIII organized the quiz. The news was read by Harshitha for recent updates. To end the interesting morning assembly of the day, everyone sang the national anthem thinking of upholding our country's pride.

Ms Roja

## Field Trip to Dr Reddy's Institute of Life Sciences (DRILS) for Grade IX & X

"The best education happens beyond the classroom."

It was euphoric day. On Tuesday, November 7, 2023, students from Grades IX and X of Jain Heritage a Cambridge School were taken on a field trip to Dr Reddy's Institute of Life Sciences (DRILS) at the Hyderabad Central University Campus (HCU). Dr. Pallavi, one of the professors who guided us throughout the trip, greeted us. The students were divided into four groups, each led by a teacher or a volunteer. Dr. Tanuja, Research Manager, and Dr. Tanvika, Associate Principal Investigator, were introduced to the students in the "Harvard" classroom first. Dr. Tanuja gave us an overview of the institute, and Dr. Tanvika gave a brief presentation on NAFLD (Non-Alcoholic Fatty Liver Disease) and her research on it, the students asked

doubts and had a great time interacting with the Professors. Later, a PPT presentation was presented by Ms. Shruti on computational Chemistry where students learned about how computers and mathematical algorithms based on Maxwell Boltzmann Law are used to explain and depict chemical phenomena using simulations and were shown some as examples.

Subsequently, school apprentices visited at different laboratories of the institute where various PhD scholars who are engaged in doing intensive research on diverse topics.

School students learned about DNA Amplification, Autoclaving, Gene Transcription, Cell Cultures, Rare Diseases, Toxicology, Protein Bonding and observed lab equipment's, Apparatuses, Live Zebra fish models and cell models and imagery. The school children also got chance, in conducting a Thin Layer

Chromatography (TLC) practical, and also shared light hearted jokes during the procedure. Finally, the students were shown a pilot plant which is used for low volume production of active pharmaceutical ingredients and were bid farewell. The experience was of a life time. The children were inspired by the researchers and their dedication towards their work on improvement in medicine and cures for different disease. As said, "The science of today, is the technology of tomorrow" by

Albert Teller.

Ms Vanshika  
Grade IX A

## Assembly Presentation by Grade I to VI A

### Topic: National Cancer Awareness Day

“Optimism is the faith that leads to achievement. Nothing can be done without hope and confidence”.

National Cancer Awareness Day is observed on November 7th in India. This day is dedicated to raising awareness about cancer, its prevention, early detection, and treatment. It serves as a reminder of the importance of leading a healthy lifestyle, getting regular check-ups, and supporting those affected by cancer. Various organizations, medical institutions, and individuals often organize events, seminars, and campaigns to educate the public about cancer-related issues on this day. It's a crucial initiative in the fight against this widespread and devastating disease.

To commemorate the importance of ethics and etiquettes, an assembly was conducted by the students of grade VI A. We started our assembly with a prayer and school song which purifies our mind and gives us more energy. The assembly was anchored with clarity by Kunwar and Ciril. The pledge to become responsible citizens of India was administered by Abubakar. Yashwini enriched everyone at the gathering with amazing thought. Aadya added a new word to the vocabulary related to the topic. This was followed by an article about Cancer Awareness by Reyansh. Kyra read important news headlines in order for us to stay informed on our surroundings. We wined up the assembly by singing the national anthem.

**Science Department**

## Assembly Presentation by Grade IX A

### Topic: World Science Day for Peace and Development

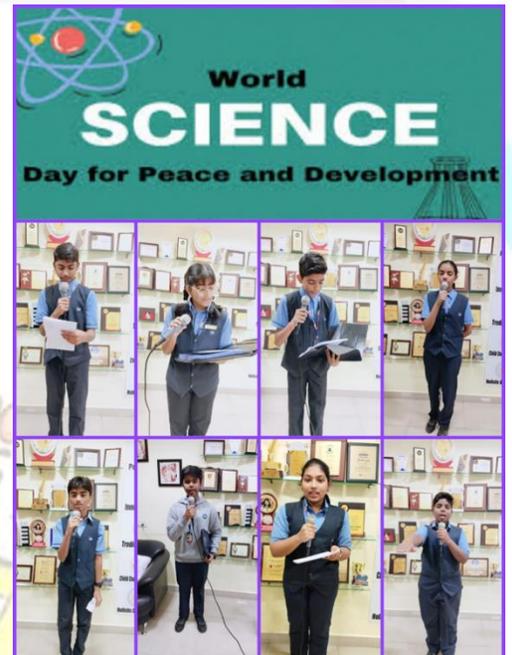

“Science knows no country, because knowledge belongs to humanity, and is the torch which illuminates the world.”

- Louis Pasteur

Celebrated every 10<sup>th</sup> November, World Science Day for Peace and Development highlights the significant role of science in society and the need to engage the wider public in debates on emerging scientific issues. It also underlines the importance and relevance of science in our daily lives. Without science, the world cannot be sustained or even be standing.

To mark the significance and importance on the topic "World Science Day for Peace and Development", the students of Grade IX A conducted the morning assembly on 09.11.2023. The assembly progressed by taking the blessings of the almighty with the prayer followed by the school song. Being responsible citizens of our country, pledge was taken by Rishank. Words have the power to inspire, educate, and change the world. The word for the day was presented by Maadhur. Good thoughts inspire us to strive harder. one such inspirational thought to ponder on the day was shared by Sahiti. We had an enlightening article that underscores the significance of science in achieving development and peace. The students strived to be inspired by the article and use it as a catalyst for their own actions towards a brighter future. enlightened us with an article highlighting the significance of World Science Day for Peace and Development.

Then there was an enlighting poem by Ananya Nair that beautifully encapsulated the essence of World Science Day. We were then presented with the latest news headlines with amazing scientific achievements from around the world that make us proud. From space exploration to medical breakthroughs, these stories remind us of the infinite possibilities that science offers. With this we concluded the morning assembly by singing the National Anthem.

**Grade IX A**

## CCA – Diya Making Competition for Grade I to V

When it comes to festivals, Diwali, the festival of lights, strikes a chord with one and all. Diwali celebrations are incomplete and graceless without the use of “diyas”- the ubiquitous earthen lamps that adorn our homes, spreading the light of joy all around especially during Diwali. Diyas signify purity, goodness, good luck, and power. With Diwali just around the corner and the excitement of the festive season in the air, a much anticipated diya making competition was organized at the Kondapur campus of our school for the

students of Grade I to V on 9th November 2023 as a part of CCA activity. The students were very excited to showcase their creativity with aplomb. They painted the diyas in myriad hues and decorated them using stones, mirrors, beads and glitters among other things. Each Diya decorated by the little artists was a work of art that bore testimony to the patience, skill and enthusiasm of their creator. The students took immense pride in displaying their work at the end of it all. The main objective of this competition was to celebrate the Festival of lights while sensitizing the young students about the rich heritage and traditions of our land. It also provided them with a creative outlet to express themselves through art. Winners were chosen on the basis of creativity and skilful use of materials. The enthusiasm and excitement with which children participated, made the event a great success.

Ms Garima

Mother Teacher

## CCA - Lantern Making Competition for Grade VI to X

Students at JHCS KP geared up to celebrate the festival of light – Diwali. The lantern making activity was conducted for the students of Grade VI to X as part of CCA on 10 November. Students have prepared different and colourful paper lanterns. All the children participated wholeheartedly in the activity. Children used various techniques of folding and cutting the paper. It was an awesome sight to see all the colourful lanterns together. On the occasion of Diwali, these lanterns wish to remove darkness and gloominess from one’s life and replace it with light, hope and happiness. It was indeed a visual treat to see the children giving wings to their imagination.

Ms Sirisha

English Department (HOD)

## Assembly Presentation by Grade I to X Topic: Diwali Celebration

“दिवाली”

“दीपक का प्रकाश हर किसी का जीवन खुशियों की ओर ले जाए।”

“दिवाली के इस दिन, आपका घर धन, समृद्धि, और सुख से भर जाए।”

दिवाली हिंदुओं का सबसे बड़ा त्योहार है। इस प्रकाशोत्सव को दीपावली के नाम से भी जाना जाता है। दीपावली का पर्व बुराई पर अच्छाई की विजय का प्रतीक है। बुराई चाहे बलवान, बुद्धिवान रावण जैसी ही क्यों न हो उसका एक दिन अंत होकर ही रहता है। हिंदू मान्यताओं के अनुसार, दिवाली के दिन ही भगवान श्री राम 14 वर्षों के वनवास के बाद अपनी पत्नी सीता, भाई लक्ष्मण और उनके उत्साही भक्त हनुमान के साथ अयोध्या लौटे थे, अमावस्या की रात होने के कारण दिवाली के दिन काफी अंधेरा होता है, जिस वजह से उस दिन पूरे अयोध्या को दीपों और

फूलों से भगवान श्री राम चंद्र के लिए सजाया गया था, ताकि भगवान राम के आगमन में कोई परेशानी न हो, तब से लेकर आज तक इसे दीपों का त्योहार और अंधेरे पर प्रकाश की जीत के रूप में मनाया जाता है।

दिवाली पर लोग अपने घरों की साफ-सफाई करते हैं, घरों को फूलों से सजाते हैं, रंगोली बनाते हैं, दीये जलाते हैं और पूरे घर को रौशनी से भर देते हैं। लोग नए कपड़े पहनते हैं। पड़ोसी, दोस्त, रिश्तेदार एक-दूसरे से प्यार से मिलते हैं और उपहार एवं मिठाइयाँ लेते - देते हैं। दिवाली की रात देवी लक्ष्मी और भगवान श्री गणेश की पूजा की जाती है।

दिवाली के पावन अवसर पर हिन्दी विभाग द्वारा विशेष प्रार्थना सभा का आयोजन किया गया , जिसमें विद्यार्थियों ने बढ़-चढ़ कर हिस्सा लिया। इस विशेष प्रार्थना सभा का बखूबी संचालन कक्षा IX की छात्रा अंतरा द्वारा किया गया। दुर्वा ने अपने साथियों को कर्तव्यनिष्ठ बनाने हेतु प्रतिज्ञा दिलवाई। कक्षा IV की छात्रा आरिणी ने सुविचार द्वारा सकारात्मक ऊर्जा का संचार किया। दिवाली के विशेष अवसर पर कक्षा VI का छात्र कूवर के द्वारा एक लेख बोला

गया। कक्षा I एवं II के छात्रों ने प्यारा-सा गीत गा कर सबका मन मोह लिया। कक्षा VI एवं IV के छात्रों ने नृत्य प्रस्तुत करके सभी को आनंदित किया। कक्षा X के छात्रों ने एक नुक्कर नाटक प्रस्तुत करके सभी को प्रदूषण मुक्त दिवाली मनाने के लिए जागरूक किया। अंत में सभी छात्रों ने राष्ट्रीय गान गाकर सभा का समापन किया ।

“दिवाली के इस पावन अवसर पर,  
आपके जीवन में खुशियाँ और समृद्धि की कीमती उपहार हों।”  
“दीपावली के त्योहार के इस मौके पर,  
आपके घर में खुशियाँ और प्यार हमेशा बरकरार हों।”

Ms Priyanka  
Hindi Department

## Parent Teacher Meeting - III

JHCS Kondapur hosted a parent-teacher meeting on November 11, 2023. During the PTM, parents were able to discuss their child's progress plan and examine their academic record. Together, parents and teachers may provide the child with a more gratifying and interesting learning environment. The first term evaluation report cards were handed to the parents. The teacher and parents had a lovely discussion on their children's development, discussing both the positive and progressive elements of their child's performance. At the conclusion of the PTM, it was clear that regular communication and collaboration, fostered by these meetings, bring a sense of community and interest in the school, resulting in a more pleasant and meaningful educational experience for students.

**Ms Shuchita**  
Coordinator

## Scholastic Book Fair 2023

On November 11, Jain Heritage, a Cambridge school, hosted a Scholastics-organized book fair on school grounds. It received an overwhelming response from students and parents who came to attend the PTM. A wide range of books from all disciplines of education were on display, with fiction attracting the most attention. The scholastic group for book lovers organized a lucky draw. Rama from grade 9 won the lucky draw. JHCS KP & Addlife Projects Private Limited organized an exhibition of handcrafted jute bags, mobile pouches, file folders, and other items to support and uplift the artisans. Teachers, parents, and students all enthusiastically contributed to the needs of the underprivileged.

**Master Rishank**  
Grade IX A

## Field Trip to Shilparamam for Grade I to III

On November 14, 2023, to celebrate a Children's Day, young learners of Grades I, II, and III embarked on an educational field trip to Shilparamam. This adventure invited them to immerse themselves in the vibrant richness of India's cultural heritage. Shilparamam, carefully designed to preserve Indian arts and handicrafts, proved to be the perfect backdrop for this enriching experience, harmoniously aligning with the students' exploration of the theme "Culture." At Shilparamam, the children eagerly explored various stalls showcasing the diversity of Indian art and crafts. Their day unfolded with joy as they reveled in the bird park, admired intricate artworks, played in designated areas, and shared delightful snacks. The young explorers observed huts vividly depicting the rural and tribal lifestyles of artisans, along with models illustrating the day-to-day activities of these skilled individuals. Handicrafts, woodwork, jewelry, and terracotta sculptures representing the rich cultures of different states captivated the children's interest. This field trip, not only allowed the students to experience the richness of diverse cultures but also provided them with a unique opportunity to witness the seamless blend of traditional heritage with creative expressions, all in one captivating place.

Science Department

# Children's Day Celebration

Children are the best creation of God, they spread joy in every season.

On November 14th, 2023, Jain Heritage A Cambridge School, Kondapur, celebrated Children's Day with exuberance and joy. This year, a delightful twist was introduced to the customary morning assembly – the teachers took charge, creating a lively and memorable start to the day with dances, songs, and engaging activities, setting the tone for a day full of fun.

The day's festivities continued as students were divided based on their grades, ensuring tailored experiences for each age group. Grades 1 to 4 embarked on an exciting field trip, providing them

with an educational yet enjoyable outing. Grades 5 to 8 engaged in various thrilling games, fostering camaraderie and sportsmanship among them. Meanwhile, grades 9 to 10 displayed their athletic prowess in an exhilarating throwball match, igniting the competitive spirit among the students.

The entire event was a testament to the dedication and commitment of

the teachers who

meticulously planned and executed the day's activities, ensuring that each child had an unforgettable experience. Their efforts were instrumental in making the Children's Day celebrations not just special but also educational and entertaining.

As students, we extend our heartfelt gratitude to the teachers for their unwavering support, enthusiasm, and the tremendous effort they invested in making this Children's Day a truly

memorable and enjoyable occasion for all of us. Their dedication to ensuring our happiness and holistic development is deeply appreciated and cherished.

This Children's Day will be etched in our memories as a day filled with laughter, learning, and camaraderie. Thanks to the incredible efforts of our teachers who went above and beyond to make it extraordinary.

Ms Ananya Nair

## Assembly Presentation by Grade I Topic: Caring for Our Wildlife

**“Take a shot with your camera, not with a gun.”**

Caring for wild animals is different from caring for domesticated animals and companion animals or pets. It requires specialized training and experience.

The students of Grade I conducted an assembly on the topic “care for wildlife” on 15th and 16th November, 2023. Each day started enthusiastically with prayer followed by the school song. A pledge is a gentle reminder that helps us to recollect and fulfil our fundamental duties and responsibilities, pledge was administered by Karthikeya and Mihran.

The assembly anchoring was elegantly carried out by Riya and Deepika. The enlightening thought of the day was expressed by Priyansh and Shriyan Kush on the respective days. You can't build up vocabulary if you never come across any new words. Kushi and Krtvi Charan presented the word of the day to enrich the vocabulary of the students. The students participated in the assembly with great enthusiasm and also got to know the importance of caring for wildlife. Finally, the assembly was concluded by singing the national anthem with pride and patriotism.

**Ms Meghna

## Assembly Presentation by Grade IX B Topic: National Epilepsy Day

**“Epilepsy is a condition that requires knowledge, understanding, and empathy from all those around us.”**

National Epilepsy Day is celebrated every year on November 17 in India.

The aim of this day is to help needy people who are not able to afford treatment for the disease and also to bust myths surrounding epilepsy, create awareness around symptoms and management of the disease.

Epilepsy is a persistent brain illness marked by periodic "fits" or

"seizures." Sudden, uncontrolled electric currents in the neurons are what lead to seizures. Every age group has different issues and worries, and the

condition can impact anyone at any time. The World Health Organization

(WHO) estimates that there are 50 million epileptics worldwide, 80 percent of whom reside in developing nations. Even though epilepsy is

curable, three-fourths of those affected in underdeveloped nations do not obtain the necessary care. Approximately 10 million people in India

experience seizures linked to epilepsy. On November 17th, National Epilepsy Day is celebrated in JHCS Kondapur with great avidity. Kaushik

anchored the assembly with warmth and charisma, setting the tone for the event. Bhavna led the pledge, inspiring the audience to be united. Aasritha defined "meliorism" succinctly,

providing a basic understanding. Adhrit expressed the thought where he emphasized the importance of inclusivity and sensitivity in interactions with epilepsy patients, promoting a caring environment. Adesh

highlighted advancements in research, treatment, and awareness efforts, highlighting the group's efforts to improve the quality of life for epilepsy patients. Antara detailed the difficulties faced by epileptics and their

families, emphasizing the need for accessibility, education, and a strong sense of community. The National Epilepsy Day assembly was not just a gathering; it was a catalyst for change, a beacon of hope, and a testament.

**Ms Aashritha  
Grade IX B**

## Assembly Presentation by Grade X Topic: International Men's Day

Being a man means accepting responsibility in all ways. International Men's Day was founded in 1999 by Dr Jerome Teelucksingh, a history lecturer at the University of the West Indies in Trinidad and Tobago. Since then, it has been celebrated every year, and currently, more than 80 countries celebrate the day. International Men's Day offers the opportunity to discuss various important issues concerning men's health, well-being and their problems.

On 18<sup>th</sup> of November 2023, we the students of grade 10 conducted an assembly on the topic "International men's day". We started off the assembly with Shreyasi as the anchor. It was followed by a prayer and the school song. Poshika had taken the pledge with pride. Following up, Utkarsh delivered a meaningful thought and subsequently, Dindi had given a delightful word. To know more and enhance the importance of men's day, Likith came up with an article and to keep us updated Shiva had shared the news. Lastly to

conclude the assembly we sang our national anthem proudly and highlighted the positive role models and raised awareness of men's well-being.

**Sports Captain**

## Global Art Competition for Grade I to V

"Colours speak louder than words." A recent art competition held at Jain Heritage A Cambridge School on 18th November 2023 proved to be a vibrant celebration of creativity, bringing together budding artists from Grade I-V. Organized with the aim of encouraging self-expression and artistic exploration, participants were tasked with interpreting the theme "Celebrations" allowing them to explore the boundless realms of their creativity. The theme sparked enthusiasm and inspired students to think beyond conventional boundaries. To ensure fair competition, participants were grouped into different categories. Grade 1&2 had colouring competition whereas Grade 3-5 had drawing and colouring competition. The competition served as a platform for students to showcase their artistic abilities, instilling a sense of pride and confidence in their creativity. The art competition at JHCSKP successfully cultivated an environment where imagination flourished and artistic talents blossomed.

## Assembly Presentation by Grade IV B, V A, V B

### Topic: Caring for Others

"Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around."

From Nov 20<sup>th</sup> to Nov 23<sup>rd</sup>, the students of classes VB, VA and IVB came together to conduct insightful assemblies on the theme of caring for others. Their presentations and discussions shed light on the significance of caring and how it plays a pivotal role in shaping one's character. On each of these days the assembly began with the anchors introducing the significance of the topic. Charvi and Parnika from VA, Alifa from VB, Hamsika and Parinithi from IVB took care of the anchoring. Next it was time for the daily prayer and the school song. Pledge to become model citizens of India was

administered by Shivanshi from class VA, Mohan from VB and Faizaan from IVB. Anika VA, Maitreya 5B, Anushree IVB shared thought-provoking insights into the importance of caring for others. To enrich the vocabulary of the students, a new word related to the topic was shared on each day along with their meanings. Sourya of VA, Hamraj of VB and Arush of IVB took part in presenting the words. Additionally, Sanvi Class VA delivered an informative story promoting awareness about caring for others.

As the assembly drew to a close, the students were left with a collective sense of introspection. The lesson learned was that in the hustle and bustle of our daily lives, taking a moment to care for others can be a powerful force for positive change. Whether through a simple gesture, a thoughtful word, or lending a helping hand, we discovered that these acts of kindness create a ripple effect, fostering a more empathetic and supportive community.

In conclusion, the assembly on caring for others was not just a routine event but a transformative experience. It served as a gentle nudge for each student to reflect on their own capacity for empathy and kindness, leaving an indelible mark on the collective consciousness of Class VA.

Mathematics Department

## Assembly Presentation by Grade II A Topic: World Television Day

"A house does not feel like a home without a television in it."

Television remains a ubiquitous and influential medium that continues to adapt to technological advancements, shaping and reflecting the cultural landscape of societies around the world.

The students of Grade-II A conducted the morning assembly on the topic "World Television Day" on 21st November, 2023. Topics were allotted to each student to present in the assembly. The day began with enthusiasm as the students joined together for prayer. They sang the school song, administered the pledge by Soham, heard an inspiring thought from Yuvika Modi, and learned a new word from Rishith to boost their vocabulary. Ananya Anahita shared interesting facts about television.

Since its invention, television has evolved into a powerful medium that transcends borders, cultures, and languages. This day provides an opportunity to reflect on the impact of television on global culture and how it has become an integral part of our daily lives.

Ms Shiresha

## Workshop on the topic "Puberty" for Grade V to IX

Puberty teaches us that change is inevitable and that it's important to embrace it with proper understanding. Grade 5-9 girls at Jain Heritage a Cambridge School attended a workshop on "Puberty" conducted by Ms Raisha Bhatia, a student well being trainer from the Right side story on 21-11-23. It's great that the workshop covered essential topics like body management and period hygiene for girls. This information is crucial for their well-being. The content was clear and interactive. It had a positive impact in

understanding and had developed confidence in managing these aspects. The trainer also had addressed the queries of the students actively. On the whole it was an informative and educational workshop.

## Field Trip to Jagisa Apparels for Grade VI to VIII

Travel, because the best education is the one you experience.”

Educational field trips offer students a unique opportunity to bridge the gap between theory and practice, bringing the classroom to life. Recently, on 23rd November, students of Grade VI, VII, and VIII at Jain Heritage A Cambridge School, Kondapur, embarked on a fascinating journey into the heart of the garment industry at Jagisa Apparels. The hum of sewing machines and the scent of textiles filled the air, igniting a passion for understanding the intricacies of this vital sector.

Jagisa Apparels has emerged as a pioneering force in the garment industry, specializing in the production of cloth bags, paper bags, and uniforms. The facility seamlessly integrates craftsmanship with sustainability, utilizing single, double, and triple-needled machines.

They create a variety of garments and uniforms using interlocking machines, buttonholers, overlocking machines, fusing machines, and more. Their workload increases from January to May as they receive orders for uniforms. We were given a tour of the entire facility, and we also had the opportunity to ask many questions. The vision of the company’s CEO, Yamini Koganti ma'am, is to empower and employ people. Our educational trip was not merely a journey through locations but a passage into a world of experiential learning. The trip enriched our knowledge and widened our outlook.

Ms Rohitha  
Grade VIII B

## Assembly Presentation by Grade V, VI, VII & X Topic: Guru Nanak Jayanti

Guru Nanak Jayanti - A Spirit of Unity and Compassion.

Guru Nanak Jayanti, also known as Gurburab, is the most important festival for the followers of the religion of Sikhism. It is celebrated to commemorate the birth anniversary of the first Sikh Guru, Guru Nanak Dev Ji. At Jain Heritage A Cambridge School, students of Grade 5,6,7 &10 presented a beautiful assembly on 24<sup>th</sup> November, which served as an opportunity for us to learn, reflect, and celebrate the teachings of Guru Nanak Dev Ji, the founder of Sikhism whose wisdom continues to inspire millions around the world. The anchoring was done expertly by Maanya Batra. Pledge was shared by Taanya batra. A soulful rendition of hymns (kirtan) was performed by Grade 5,6 and 7 students followed by the Prabhat Pheri which created a serene atmosphere that reflected the devotional aspect of Sikhism. All the teaching staff along with the Principal took part in the Prabhat Pheri. Principal Dr. Mona Mehdi appreciated the efforts of the students and teachers. At the end of this soulful celebration of Guru Nanak Jayanti, everyone got to feel a spirit of unity and

compassion. It also highlighted the importance of service in our daily lives. Guru Nanak Dev Ji's teachings serve as a guiding light, inspiring us to be better individuals and contributing members of our global community. The assembly ended by singing the national anthem.

## Assembly Presentation by Grade VIII A

### Topic: A Goal without a Plan is just a Wish

“Without goals and plans, to reach them, you are like a ship that has set to sail with no destination” — Fitzhugh Dodson.

What does, “A goal without a plan is a wish,” mean? In short, it means that without actionable steps, your dream is just that: a dream. It’s nothing more than wishful thinking. And wishful thinking has never produced tangible results the way hard work and planning have.

Without a plan, your dreams and your goals become disconnected. And you can’t stop at just making a plan. In fact, some of the most highly effective people tell you that it’s not just about making a plan, but putting that plan into action that matters most.

An assembly was magnificently conducted on 28-11-23 on the topic ‘A goal without a plan, is a wish’ by Grade VIII-A students.

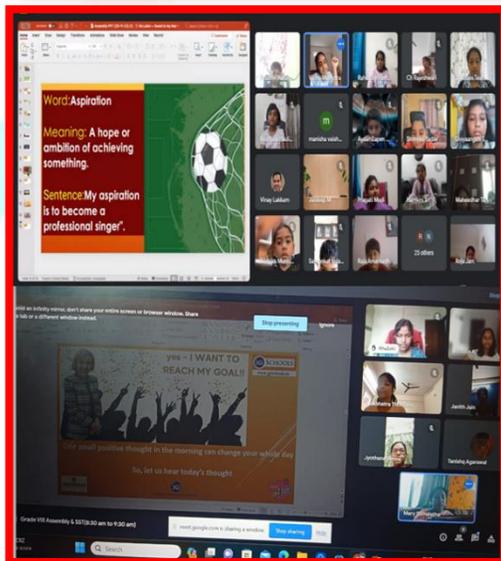

The assembly was administered by Vanisha & Khushi. The pledge was delivered by Nakshatra. The thought for the day was spoken by Tanmoy. The word was conveyed by Santosh. The news was reported by Saketh. The assembly raised awareness amongst the students about the importance of planning beforehand and organizing whereabouts. It also created consciousness on the impact made by procrastinating. The assembly provided a great lesson for the students, a lesson that can only be taught in schools.

Ms Jessica & Ms Unnathi  
Grade VIII A

## Assembly Presentation by Grade I to X

### Topic: A Goal without a Plan is just a Wish

“All you need is the plan, the road map, and the courage to press on to your destination.”

- Earl Nightingale

Everyone has goals they want to achieve someday. What the vast majority of people don’t have, however, is a plan to achieve them, and a goal without a plan might as well not exist. When we set a goal, we establish clear and compelling benefits. Setting a goal creates focus and inspires commitment. But setting a goal is not an end in itself: it is the beginning of a process.

To make a goal a reality rather than simply a wish, we need to build our capacity to make independent choices that will move us beyond our current situation, positively influence our circumstances and move us closer to attaining our goal. On 29-11-23, to bring the awareness of the concept “A goal without a plan, is a wish” among the children, a virtual morning assembly was

conducted in all the classes from 1 to 10. To understand the theme the students read out articles, gave thought for the day and word for the day. The students also presented videos on how to set a goal during the virtual assembly. The power point presentation designed by the teachers was commendable with all assembly sequence. Overall, the assembly was conducted smoothly and the audience were captivated by the flawless performance of the students. Students and teachers thoroughly enjoyed the assembly.

## Voting Awareness Programme #GoVotingNoOuting

"This right to vote is the basic right without which all others are meaningless". It gives people as individuals, control over their own destiny. The hot sun and the hot arguments & debates on TV and political rallies made the environment hotter in this cold winter . Every person who has attained the age of 18 years should vote provided he/she has already registered for voting. Every vote counts. On the voting day it will be a holiday, but don't go for outing/movie without voting as

one day of enjoyment may cost us and our country. So we at JHCS kondapur started a campaign #GoVotingNoOuting. This made our future citizens aware of its importance and the students actively participated in this campaign .We also mailed the parents about the importance of voting and asked them to circulate the message in their groups and friends. We at JHCSKP never fail to deliver our duties towards society.

**Ms Kavitha**  
**Senior Incharge**

## Experiential Learning

"Experience serves as the universal teacher for all things."

Grade II students of JHCS Kondapur went on an exciting foray into the biology lab as part of their Environmental Studies class. Their curiosity led them to explore the chapter "Our Body" in the lab with the help of models and various interesting learning aids . During their visit, they eagerly examined the different shapes of organs like the heart, lungs, intestines, kidneys, and liver. What made this experience even more special was the opportunity to learn about where these organs are located inside our bodies.

The students' enthusiasm and interest were evident as they actively engaged with the subject matter. This visit to the biology lab wasn't just a field trip; it was a dynamic learning experience that connected theoretical knowledge with practical, real-world examples.

The students not only explored the shapes and locations of organs but also gained a richer understanding of the complexities of the human body. This kind of experiential learning is sure to leave a lasting impact, making the study of "Our Body" in Environmental Studies more memorable and meaningful for Grade II.

## Parent's Testimony

The journey of my daughter Shubha Shrinika T with JGI started in the year 2015. We have moved to India from Malaysia by that time the academic year has already started in India. It was JGI family who has welcomed us and gave her admission in the school in grade 2. I very well remember it was the first day of her school her eyes were fully filled with water as she found the place new, then there came a sweet voice. Hey chutki , which grade are you. My daughter, rubbing her eyes in a low voice replied grade 2. "I am Shuchita Malhotra I am also in grade 2, will you be my friend please", asked the sweet voice. She hold my daughter's hand and said don't worry, she is my friend from now and I will take care of her. It was the first and last time that I saw my daughter cry to go to school. My daughter feels very comfortable going to school, as a parent that gives a lot of happiness to see the child enjoying her schooling in a very secured environment. This confidence and happiness made us to plant our younger bud in the JGI garden in 2021.

We are incredibly grateful for the mentorship and guidance provided by each of them. Their tireless efforts in nurturing her, fostering a love for learning. Moreover, during challenging times of COVID and lockdowns, their unwavering support have provided a strong foundation of confidence and resilience. The support of Suchitha Mam, Mary Mam, Kavitha Mam, Srikanth sir, Sirisha Mam, Varsha mam, Sangeetha mam, Padmavathi mam, Koti Sir, Victor Sir, Samatha Mam, Meghana mam, Roja Mam, Sobha Mam, Jyothi mam, Priyanka mam, Swapna mam is incredible. They are so blessed to have teachers like you and I feel exceptionally obliged to have my kids studying in JGI. Thanks for your endurance, quality care, enthusiasm, diligent efforts, and passion you provide every day. We thank from the bottom of our hearts for the continuous care, support, collaboration, and most importantly patience.

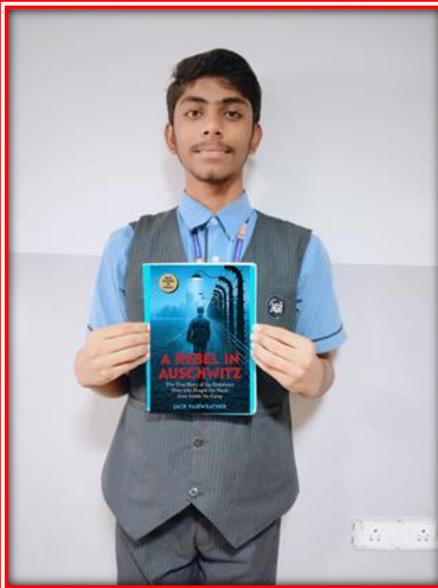

Last but not the least I extend my heartfelt thanks to the principal ma'am who is, Compassionate, Inspiring, Empathetic, Ethical, Innovative, Inspirational and Visionary. Thank you for your leadership in fostering a community that values excellence and supports the growth and development of each student. We are confident that the experiences and teachings provided by the dedicated teachers at JGI will leave a lasting impact on kid's life as they continue to pursue their academic and personal aspirations.

**Mrs Sai Bhavitha**

**Mother of Shubha Shrinika T – Grade IX**

## View the Review!

A Rebel in Auschwitz is an amazing book which has lots of shocking truths about what life was like during World War II for Jewish people. Previously, I had been taught about this topic in school but never realised in such detail how horrific the events truly were. This book has really opened my eyes up to how lucky we are to live in a world free of fear of this happening to us.

I really like how the book is based on a true story, it makes it more compelling. The book also includes many facts which help further put into perspective the numbers of people killed during

the holocaust in Auschwitz. The best part about the book was the fact that there was always something going on from moment to moment. It might be a plan to escape or times when they were sick trying to survive the awful diseases. It was a story of survival. To conclude, the book is a really good read and I would advise people to read it if you can. It tells you a lot about the history and the horror we should never forget.

## TRAINING SESSION SERVES AS A LEARNING GUIDE FOR TEACHERS

**J**HCS Kondapur hosted a three-day Mid Term Faculty Training Program on "Forge Ahead" for the staff of Kondapur, Shamirpet, Banjara Hills, and Nizampet branches.

The Academic Council embarked on this project to prepare instructors who can give students top-notch academic content and to strengthen individual academic strengths so that information and education can be imparted to students in a genuine way. This was headed by Dr. Chandra Shekar D.P., President Academic Council, CEO JGI Schools, Secretary Academic Council, Dr. Mona Mehdi, Joint Secretary Academic Council, Lalitha Kosaraju.

The session's first day began with the lamp lighting and an introduction by Secretary Mona Mehdi, highlighting the program's importance. Poonam led a rejuvenating meditation. Dr. Chandrashekar emphasized on the FTP, professional development, and connecting with each student. Ravichandran then taught assertive classroom management. Mona Mehdi presented "Lesson Plan - The Next Level," guiding educators in revising lesson plans in both hard copy and digital formats.

On the second day, Rakesh Rathode's enlightening talk on "First Aid" was followed by Raheela Tabasum's class on "Feedback for Effective Teaching and Learning." A POCSO session and "Model Teaching" were also conducted.

Day three began with meditation, followed by a "Model Teaching" peer learning session. Lalitha Kosaraju led a session on teamwork, and the day concluded with an awards ceremony and a festive Bathukamma celebration, leaving participants with a sense of joy and renewed enthusiasm.

Shreyasi Malhotra, class VII B, Jain Heritage School

**D**iwali was celebrated at JHCS Kondapur to make students understand the significance of the festival. Students dressed up as Ram, Lakshman, Sita and Hanuman enacted the Varvas scene from the Ramayan. A Nukkad Natak was presented by students of class X to motivate everyone to celebrate an eco-friendly Diwali. Principal Dr. Mona Mehdi explained the importance of Diwali, the festival spiritually signifying the victory of light over darkness, knowledge over ignorance, good over evil, and hope over despair. The teachers urged the students to buy diyas, flowers, etc., from the street vendors to help local markets thrive.

Annaya Nair, class IX, Jain Heritage a Cambridge School  
Kondapur

**S**tudents of JGI Kondapur embarked on a captivating and enriching educational journey, delving into the historical marvels of India. This extraordinary trip led them through the heart of the nation, covering destinations such as Delhi, Agra, Fatehpur Sikri, and Jaipur.

The journey commenced with a panoramic tour of Delhi and a visit to the awe-inspiring Akshardham temple. Day 2 began with a delightful breakfast, followed by explorations of Delhi's historical sites, including the bustling Red Fort, India Gate, and the majestic Qutub Minar. Travelling to Agra the following day, they marvelled at the iconic Taj Mahal, a Unesco World Heritage Site and a symbol of Mughal architecture.

Agra Fort also left a lasting impression. A trek at Amer Fort, a visit to the Sheesh Mahal, Jaipur City Palace, and a delightful exploration of Babu Bazaar, showcasing Jaipur's traditional art and crafts were the many stops that kept the students delighted in myriad experiences.

They concluded their memorable journey with DJ Night. The educational tour, which took students to these historically rich cities, left an indelible mark on their hearts and minds. It not only unveiled the intricate layers of India's history and culture but also instilled essential values such as teamwork, leadership, and effective communication. As they returned home, the students carried not just memories but also a profound appreciation of their country's heritage.
