28-02-2024	National Science Day Celebration @ JHCS Kondapur

"Guardians of our shores, defenders of the deep, the Indian Coast Guard stands tall, ensuring our maritime safety and security." On February 1st, the students of Grade VI A of JHCS Kondapur gathered to celebrate special assembly on Indian Coast Guard Day, acknowledging the invaluable service rendered by the guardians of our coastal borders. This day is observed to commemorate the establishment of the Indian Coast Guard in 1977, recognizing their unwavering commitment to safeguarding our maritime interests. Reyansh and Amogh, our enthusiastic anchors, skilfully guided the proceedings setting the tone for the

assembly. Varsha conducted the pledge, instilling a sense of responsibility among the students towards maritime safety. Virat then shared a thoughtful 'Thought of the Day,' encouraging reflection on the importance of coastal security. Following this, Kanav introduced a new word, providing its meaning and usage in a sentence, enriching the vocabulary of the audience. A beautiful poem, recited by Jeevana, added a touch of artistry to the assembly, capturing the essence of the sea and the valor of those who guard it. In conclusion, the assembly left an indelible impression on the students, fostering awareness about the vital role played by the Indian Coast Guard. The students gained insights into the challenges faced by these guardians of the sea and developed a profound respect for their commitment to our nation's maritime security. The assembly served as a platform for education, inspiration, and gratitude towards those who dedicate their lives to protect our coastal borders.

**Science Department**

## Assembly Presentation by Grade I A & B Topic: Forgiveness

“Never forget the three powerful resources you always have available to you: love, prayer, and forgiveness.” - H. Jackson Brown

School assemblies play a quintessential role in the lives of students. They get to learn about various important social values through the assemblies.

Grade I students conducted morning assembly on the topic “Forgiveness” on 2nd and 3rd February at Jain Heritage a Cambridge School Kondapur. It was a pleasure to see them perform so confidently and joyfully on the stage. The assembly on each day started enthusiastically with prayer followed by the school song. Nirvan and Keerat Arora performed their part wonderfully as the assembly anchors. Pledge was administered by Anirudh and Bhavesh which helped us to recollect our

fundamental duties and responsibilities as citizens of India. An enlightening thought was expressed each day by Naira and Sathvik respectively. Students must work on enriching their vocabulary each day. With that thought in mind Nithya and Jacnith shared the word of the day along with their meaning and usage in a sentence. Reyansh Kumar Panda recited a beautiful poem on forgiveness which compelled everyone to reflect on the healing power of forgiveness.

Value based assemblies always motivate us to inculcate good habits and promote the wellbeing of our minds. The objective behind these value-based assemblies was to enable the children to understand the meaning of forgiveness, learn to apologise for their mistakes and forgive others to stay happy. Dr. Mona Mehdi, Principal of Jain Heritage a Cambridge School, in her address, encouraged the students and appreciated their efforts. Finally, the assembly was concluded by singing the national anthem with pride and patriotism.

Ms Garima  
Mother Teacher

## Assembly Presentation by Grade II & III Topic: Discoveries and Inventions

The world is full of amazing inventions and discoveries that have shaped the way we live today. From ancient tools to high-tech gadgets, the human spirit of innovation continues to drive progress and change the world for the better. To know more about the discoveries and inventions, the students of classes II & III put up morning assemblies on the topic "Discoveries and Inventions" from 5th February 2024 to 8th February 2024. The assemblies were presented by the participants from different grades and sections on each day.

The anchoring was done by Nairiti, Yuvika, Shoham, Reyansh and Ishitha who initiated the assembly energetically on each day stating the topic. The morning prayer and the school song followed. To be

responsible citizens of our country the students took the pledge led by Kratika, Rishika, Vihaanand Tanviha on the respective days. Insightful thoughts and meaningful words were presented by Ekagra, Ananya, Aaryaman, Nivaan, Daksh, Tarush, Lakshanya and Siri which created a strong impact on the students and helped to develop curiosity regarding inventions and discoveries.

To embark on a journey through time and space to explore some of the most incredible inventions and amazing discoveries in history i.e. from the wheel

and the printing press to the discovery of electricity and beyond; a beautiful rhythmic song was showcased by Grade-II students to reflect the important inventions and discoveries that have facilitated human life.

The students of Grade-III recited a short and sweet poem to reflect the important inventions and discoveries that have facilitated human life; and an article that addressed the profound impact of discoveries and inventions on humanity's activities. At last, the assembly culminated with the Principal's address and then the National anthem.

**Ms Shoba**  
**Science Department**

## Assembly Presentation by Grade II A Topic: World Pulses Day

"Pulses: Small seeds, big nutrition, and a hearty foundation for healthy meals."

World Pulses Day is a global event celebrated on February 10 every year. Its main goal is to teach people about the nutritional value and environmental benefits of pulses. Pulses are edible seeds of certain plants like beans, lentils, and peas, which are widely consumed worldwide. The theme for World Pulses Day 2024 is "Pulses: Nourishing soil and people." It highlights how pulses not only provide nutritious food but also benefit the environment.

The students of Grade-II A conducted the morning assembly on the topic "World Pulses Day" on 9th February, 2024. Topics were allotted to each student to present in the assembly. Mahasvi from Grade IIA took on the role of anchor, commencing the assembly by highlighting the day's significance. The session began with a prayer and the school song, followed by a heartfelt pledge to become responsible Indian citizens administered by Kharan Tej from Grade IIA. An insightful thought was shared by Prudhvi from Grade IIA. Mahivarnika from Grade IIA enriched students' vocabulary with the word of the day. Benefits of eating pulses were presented by Havisha. The assembly concluded with the singing of the national anthem.

Ms Shireesha  
Science Department

## CCA - Running Race Competition for Grade I to X

“Victory is in having done your best. If you've done your best, you've won.” – Bill Bowerman.

Sports Day is an event that brings out the competitive spirit in all of us. It's a fun filled day on which students get to participate in various sports and games, showcasing their skills and talents.

Students of Grade-I to X enthusiastically participated in 100 metres and 200 metres races and showcased their athleticism on

Sports Day, which was held on 9th February at Jain Heritage A Cambridge School. The atmosphere was filled with excitement and energy as students as well as teachers came together to support and cheer the

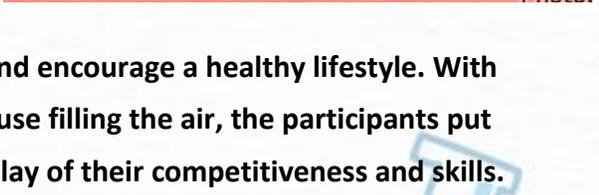

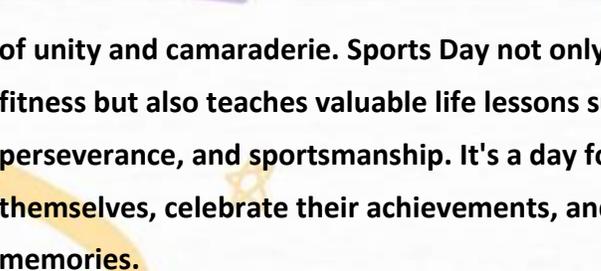

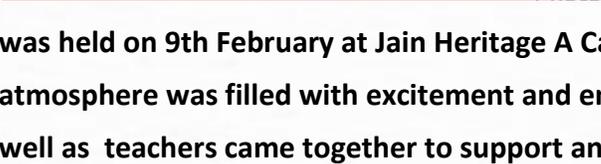

participants on. It was a great opportunity to promote

physical fitness and encourage a healthy lifestyle. With cheers and applause filling the air, the participants put up a brilliant display of their competitiveness and skills.

Sports Day helps to bring the entire school community together, fostering a sense

of unity and camaraderie. Sports Day not only promotes physical fitness but also teaches valuable life lessons such as teamwork, perseverance, and sportsmanship. It's a day for students to challenge themselves, celebrate their achievements, and create lasting memories.

Ms Roja  
CCA Incharge

## Assembly Presentation by Grade III B, V B, VII A and VII B Topic: A Good Leader

**“Good leaders are made, not born”**

A great leader knows how to translate vision into reality, even when one person’s vision seems like a dream. Good leaders are molded through experience, continued study, intentional effort, and adaptation. A good leader should have integrity, self-awareness, courage, respect, compassion, and resilience. Leaders shape our teams, organizations, communities, and world. We need good leaders to help guide us and make the essential decisions, big and small, that keep things moving forward. The essence of good leadership lies in the ability to inspire, empower, and unite others towards a common goal. A good leader not only achieves results but also leaves a lasting impact on the lives of those

they lead. By embodying qualities such as vision, empathy, integrity, and resilience, they pave the way for positive change and transformation, creating a brighter future for all.

The Grade III-B, V-B, VII-A and VII-B students at Jain Heritage, a Cambridge School in Kondapur, organized morning assemblies on the theme "A Good Leader" on 12th, 15th, 16th, and 17th February, 2024. Samanvitha from Grade IIIB, Bindu & Tanvi from Grade VB, Veeksha from Grade VIIA and Ilina from VII B carried out the role of anchors, commencing the assembly by highlighting the day's significance. The session began with a prayer and the school song followed by a heartfelt pledge to become responsible Indian citizens administered by Aara Krishna from Grade IIIB, Mokshita from Grade VB, Riyanshika from Grade VII A and Akhil Grade VIIB. An insightful thought was shared by Sheehan from Grade IIIB, Mohan Priya from Grade VB, Ananya from Grade

VIIA, Sadhvi from Grade VII B. Aarush Agarwal from Grade IIIB, Sitara from Grade VB, Dev Rishi from Grade VII A, Dhaksheesh from Grade VII B enriched students' vocabulary with the word of the day. An article was presented by Farida from Grade III B, Amrutha from Grade VB, Durga from Grade VII A. Taanya from Grade VB recited a beautiful poem that highlighted the theme. Siddhidhatri From Grade V B presented the news headlines for that day. The assembly concluded with the national anthem which always inspires one to uphold the pride of our country.

Ms Jyothi.G

Mathematics Department

## Sports Arena Inauguration @JHCS Kondapur

Sorts Arena Inauguration at School:

'Every day the clock resets. Your wins don't matter. Your failures don't matter. Don't stress on what was, fight for what could be.'

-Sean Higgins

The grand inauguration of the Sports Arena at our school was a momentous occasion marked by enthusiasm and excitement. It was inaugurated by our honourable and respected principal of JHCS KP Dr Mona Mehdi, Finance

Manager Ms. Rajkumari, Coordinator Ms Shuchita Malhotra, senior coordinator Ms Kavitha R, primary coordinator Ms. Jyoti Arora, staff members and students who have gathered to witness the ribbon-cutting ceremony. This was then followed by prayer, to Goddess Saraswati which was humbly performed by the dignitaries.

The newly inaugurated Sports Arena at our school represents a transformative shift, not only serving as a hub for physical activities but also doubling as the venue for school assemblies. This dual-purpose utilization signifies a dynamic change, creating a multi-functional space that accommodates both sports events and collective gatherings. The integration of the arena into school assemblies enhances the overall experience, fostering a sense of unity among students. This innovative use showcases adaptability and resource optimization, marking a major positive change in the school's infrastructure and communal activities.

Ms Sirisha  
English - HOD

## Assembly Presentation by Grade I to IV Topic: Safer Internet Day

**“To succeed in the digital world, you have to be cyber savvy”.**

Safer Internet Day is celebrated around the world in February of each year. It is aimed at highlighting the importance of creating a safer and more responsible internet environment. The idea is to ensure that users browse the internet securely, without exposing themselves to cyber risks.

The Internet today is a great source of information. It is also known as the super information highway because it is the number one source that people of all ages turn to. The internet is especially a good source of communication between families across the country or even overseas. When it comes to staying safe on the internet, it's important to be mindful of your personal information, use strong passwords, and be cautious of scams and phishing

attempts. To raise awareness regarding this important issue the primary students of Jain Heritage at Cambridge School, Kondapur, presented a special assembly on the occasion of Safer Internet Day on 13th February, 2024. Siva Priya of Grade IIIB was the anchor who initiated the assembly by stating the significance of the day. The assembly started with prayer followed by the school song. The pledge to become responsible citizens of India was administered with conviction by Jaasritha of Grade-I B. An enriching thought was shared by Ashvith of Grade I A. Bhavesh of Grade III A delivered the word of the day enhancing the vocabulary of the students by sharing the meaning of the word. Trishika, Haruhi, Ayaan, Parinithi, AaroHi and Hinal shared a few important safety measures to be followed while using the internet. To end the interesting morning assembly of the day, everyone sang the national anthem thinking of upholding our country's pride.

Through this assembly children picked up some crucial safety tips such as avoiding giving out sensitive details like your full name, address, or phone number to strangers or on public platforms, using a mix of letters, numbers, and symbols, using easily guessable information like your birthday or pet's name etc. In today's digital age, the internet has become an integral part of our lives. It offers us countless opportunities to connect, learn, and explore. However, it's important to navigate the online world with caution and prioritize our safety. We must think before we click!

**Ms Roja  
CCA Incharge**

## Assembly Presentation by Grade VI A Topic: World Radio Day

रेडियो सुनकर जैसे हमारे मन को प्रसन्नता मिलती है ठीक उसी प्रकार हमारी वाणी में ऐसी मिठास होना चाहिए कि सामने वाले का मन शीतल हो जाए।

प्रत्येक वर्ष 13 फरवरी को विश्व रेडियो दिवस मनाया जाता है। इस दिवस का उद्देश्य रेडियो के महत्व को लेकर लोगों में जागरूकता बढ़ाना है। सन 2012 में संयुक्त राष्ट्र महासभा ने इस दिवस को अंतर्राष्ट्रीय रेडियो दिवस के रूप में मनाने की स्वीकृति दी।

१४ फरवरी की सुबह कक्षा ६ अ के विद्यार्थियों ने विशेष प्रार्थना सभा का आयोजन किया। सभा की शुरुआत गुरु वंदना और विद्यालय गीत से की। छात्रों ने वसंत पंचमी का महत्व बताया और साथ ही सरस्वती वंदना द्वारा मां शारदा का आशीर्वाद प्राप्त किया। सभा का

रोचक पूर्ण संचालन वेदा द्वारा किया गया। सीरिल ने सभी को प्रतिज्ञा दिलवा कर अपनी - अपनी जिम्मेदारी से अवगत कराया। विराट ने सुविचार द्वारा सभी को मीठी वाणी बोलने का संदेश दिया। कनव ने लेख के द्वारा रेडियो के बारे में रोचक पूर्ण जानकारी प्रस्तुत की। कुंवर ने दिलचस्प कहानी द्वारा सभी को सकारात्मक विचार रखने का संदेश दिया।

आज ही के दिन 14 फरवरी 2019 को, जम्मू श्रीनगर राष्ट्रीय राजमार्ग पर भारतीय सुरक्षा कर्मियों को ले जाने वाले सी०आर०पी०एफ० के वाहनों के काफिले पर आत्मघाती हमला हुआ, जिसमें 40 भारतीय सुरक्षा कर्मियों की जान गयी थी। वीरगति को प्राप्त हुए जवानों को श्रद्धांजलि देते हुए वर्षा, भव्या, आद्या, यशवीनी ने देश भक्ति गीत सुनाया। अंत में राष्ट्रगान गाकर इस सभा का समापन किया गया।

वीर जवानों की कहानी अब भी हम दोहराते हैं, इस देश की मिट्टी के आगे ही अपना सिर झुकाते हैं।

## Assembly Presentation by Grade VII, V B, VI B Topic: Being Different

**“Celebrate being different. You’re the life of every party.”**

**Being different is not a mere state of contrast. Each one of us is a unique blend of qualities, shaped by our backgrounds, interests, and aspirations. The truth of the matter is, anyone can be different. In fact, we all are very different. Even identical twins with the same DNA will often have starkly different personalities. We need to be different, and in a way that is relevant, valuable, defensible, and**

**sustainable. No one can replace you because no one is YOU. Embrace who you are and love you who you are because you’re never going to be anybody else. You have to accept yourself for who you are and learn to let your quirkiness shine.**

**Grades V-B, VI-B, VII-A and VII-B students at Jain Heritage a Cambridge School in Kondapur, organized morning assembly on the theme “Being Different” on 19th, 21st, 22nd and 23rd February, 2024. On each of these days the assembly began with the anchors**

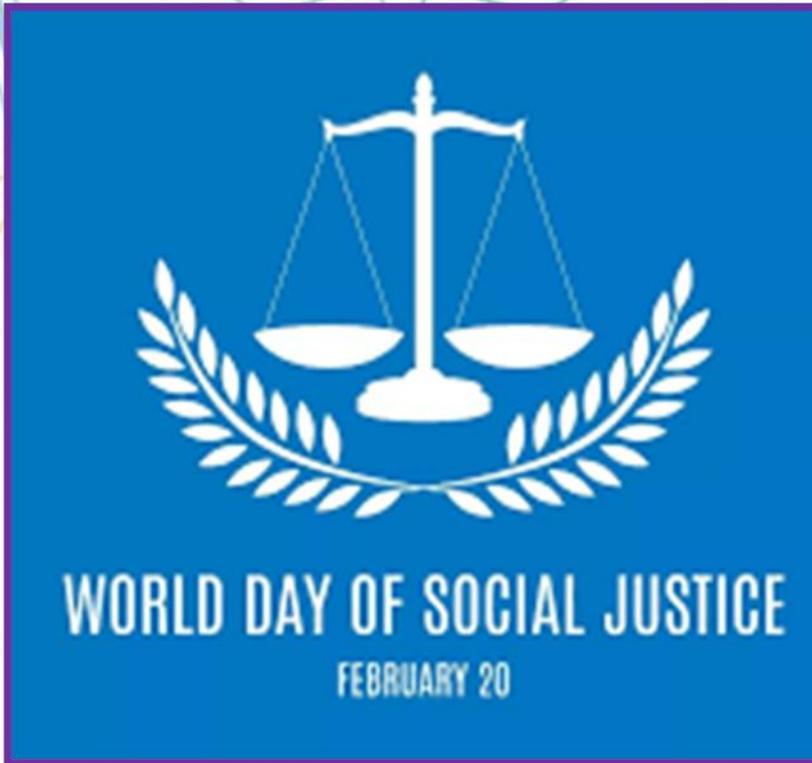

**introducing the significance of the topic, and started off with the prayer followed by our inspiring school song. Pledge to become model citizens of India was administered by the students with pride. To enrich the vocabulary of the students, a new word related to the topic was shared on each day along with their meanings. Thought for the day, an explanatory article and news was also shared by the students on each day. Their presentations and discussions shed light on the significance of being different and how it plays a pivotal role in shaping one's character. In the end, the assemblies were concluded by singing the national anthem with pride and patriotism.**

**Ms Sweta  
English Department**

## Assembly Presentation by Grade V A Topic: World Day of Social Justice

**"Social justice is not possible without strong and coherent redistributive policies conceived and implemented by public agencies." - Juan Somavia**

**On February 20th, Jain Heritage A Cambridge School observed World Social Justice Day, acknowledging the importance of equality, fairness, and human rights for all. Social justice ensures that everyone has access to opportunities, resources, and basic rights, regardless of their background or identity.**

**The day is celebrated on February 20<sup>th</sup> to raise awareness about social injustices and promote efforts towards creating a more equitable society. It serves as a reminder to address issues such as poverty, discrimination, inequality, and injustice in all forms.**

**Class VA students took the initiative to conduct an assembly focusing on World Social Justice Day. Anchors Rachit and Rishabh kicked off the assembly, setting the stage for meaningful discussions.**

**The assembly began with a prayer followed by the school song. Viren led the pledge. Harshad introduced a new word of the day, enriching our vocabulary and promoting lifelong learning. Jaideep shared an insightful thought of the day, inspiring us to reflect on the importance of fairness and equality in society. Ritesh presented an informative article, shedding light on the significance of social justice initiatives and their impact on communities.**

**Through this assembly, students learned about the importance of social justice in fostering inclusive communities and promoting equality for all. They were encouraged to advocate for social change and stand up against injustices in society. As we reflect on World Social Justice Day, let us continue to work towards building a more just and equitable world for future generations.**

**Ms Keerthi  
Science Department**

## Assembly Presentation by Grade VII A, IV A and IX Topic: Punctuality a Golden Rule for Students

"Time is the scarcest resource, and unless it is managed, nothing else can be managed." - Peter Drucker

We the students of grade 4A , 7A and 9 had conducted a morning assembly on 26<sup>th</sup>, 27<sup>th</sup> and 29<sup>th</sup> of February, to inculcate the values of Punctuality in the students.

We pledge to value every moment, recognizing that punctuality is the key to success. We commit to honoring our responsibilities and respecting the time of others, for punctuality is a virtue that shapes character. The pledge was administered by Kushi, Dhruv and Shourya.

"In the realm of education, punctuality is not merely a habit; it is a discipline that paves the way for academic excellence. Time, once lost, cannot be regained, and as students, our commitment to punctuality reflects our dedication to learning and personal growth". An engrossing thought reflected to students to habituate these values was given by Kanishq, Yasaswini, Mahitha. Subsequently, the spell binding word of the day was shared by Arohi, Ayesha, Amuktha which helped us expand our vocabulary.

Punctuality is not just a rule; it's a golden thread woven into the fabric of success. It's an indispensable trait that sets students on the path to achievement. As we embark on our educational journey, let us embrace the words of Peter Drucker and understand that time is our most precious asset. Through our pledge, let us cultivate the habit of punctuality, respecting not only our time but also that of our peers and educators. In the grand tapestry of life, punctuality is the brushstroke that defines our commitment, ambition, and ultimately, our success. An instructive article given by Jairaj and Ayeshani and lastly an intriguing poem was given by Vyshnavi and news by Rohitha.

We ended our morning assembly by remembering our values we should embrace by singing the national anthem.

**Master Vallabha & Aadit  
Grade VII A**

## National Science Day Celebration @ JHCS Kondapur

**"The science of today is the technology of tomorrow"**

On February 28th every year, India celebrates National Science Day to honour the discovery of the Raman Effect by Sir C.V. Raman. This event holds great significance as it serves to highlight the pivotal role of science and technology in our daily lives and to inspire young individuals to pursue careers in science.

Jain Heritage, a Cambridge School in Kondapur, celebrated National Science Day 2024 with tremendous enthusiasm, embracing the theme "Fun with Science." The science department orchestrated a series of engaging events and activities to provide students with opportunities to showcase their scientific knowledge and talents. The day began with a special assembly. Chaitrika and Shreyasi from Grade VIB and VIIB were the anchors for the assembly. They began by

discussing the importance of the day, enlightening everyone on its significance. The session began with a prayer and the school song, followed by a heartfelt pledge to become responsible Indian citizens administered by Likhita from Grade IB. An insightful thought was shared by Yashasvi from Grade IIIA. Divyaangshi from Grade IIA enriched students' vocabulary with the word of the day. Anusree Sarkar from Grade IVB led everyone in taking the science pledge. Students from Grade V danced and sang songs related to science. Finally, students from Grade VIA under the able guidance of Science teacher Ms. Keerthi, performed a skit with a wonderful message which was the highlight of the morning assembly. It showed that there is science in every life and how all that passes as so-called black magic can be perfectly explained through science. The assembly concluded with the singing of the national anthem, reflecting on upholding the pride of our country.

Later in the day Dr. Mona Mehdi, our school's Principal and Academic Council Secretary, officially Inaugurated Science Exhibition 2024. Students from grades I to IX enthusiastically participated in the exhibition, presenting a variety of engaging and innovative science experiments relating to various disciplines of science. Their contributions showcased both their creativity and understanding of scientific concepts.

The celebration of National Science Day 2024 was marked by tremendous excitement and involvement from the students. It was a great learning experience for all . They learned the importance of curiosity, seeking knowledge and using science to make the world better. It also highlighted the joy and effectiveness of hands-on learning. The day's celebrations and activities will definitely go a long way in inspiring students to continue exploring the world of science.

**Ms Shiresha**  
**Science Department**

## Field Trip to Salar Jung Museum

Field trips help in reinforcing concepts learned in the classroom through experiential and contextual learning. They help children broaden their horizons and make real world connections. Fourth and fifth grade students of JHCS Kondapur recently went on an exciting field trip to the Salar Jung Museum which is one of the largest museums in the world.

The journey towards the museum itself was an enriching experience wherein the students bonded with each other happily. It was an opportunity for them to build their social skills. They played various word games, sang songs, shared their feelings and interests and interacted openly with their teachers and classmates while joyfully exchanging their snacks. It was indeed a pleasure to watch children make memories for a lifetime and feel the joy of a shared experience.

Upon reaching the museum the children had a refreshing drink of orange juice and geared up to explore the marvels of history that awaited them. The first thing they noticed once they entered was the map of the museum. They had a firsthand experience of the importance of maps during exploration. Next, they were enticed by the famous British made 'Bracket Clock'. We were just in time to witness the miniature toy figure in the clock come out and strike twelve gongs with its hammer and then go back inside. The children were intrigued. The museum had great collections of sculptures, notably the Veiled Rebecca and other intricately curved marble statues, paintings, carvings, textiles, manuscripts, ceramics, metallic artifacts, carpets, clocks and furniture from Japan, China, Burma, Nepal India, Persia, Egypt, Europe and North America. Their curiosity knew no bounds as they compared and found the similarities and differences in the artworks and various other items of daily life belonging to different countries and eras. They tried to understand how life has changed with the changing times. After one and a half hours, the children were in no mood to give up their

exploration, however it was time for us to finally head back home. We boarded the buses post lunch with the joy and satisfaction of having spent an amazing time unraveling history's mysteries. The experience surely piqued the children's curiosity to learn and explore more about our culture and heritage as a human race. It is often said that real learning happens beyond classrooms. The field trip to the Salarjung Museum served to reaffirm that fact. A visit to any museum provides us with an opportunity to explore our orientation of place and time, our history, our discoveries, journeys and achievements as a human race. This experience will go a long way into helping them gain a global perspective on the shared history of mankind. It will help them to understand and appreciate the interconnected nature of human civilization.

Ms Suchandra  
English Department

## Sports Activity @ Gopichand Academy

"Difficulties in life are intended to make us better, not bitter."

This aphorism rings true in every aspect of our lives, especially sports and games. Sports and fitness play a crucial role in the development of a child. This is not just limited to physical development, but playing sports can also improve academic performance, social mannerisms and boost mental development, offering children a chance for holistic growth.

Students of Jain Heritage a Cambridge School have wholeheartedly embraced the exciting new opportunity that has come their way. Now every child from grade I to X gets an opportunity to engage in sports and physical fitness activities once a week at the Gopichand Badminton Academy- a sports academy with world class facilities.

Students of each grade board the bus from school accompanied by their respective class teachers and physical education teachers as per the weekly schedule. A short journey of about 10-15 minutes takes them to the academy. The journey itself is a fun ride brimming with excitement for the students. With a sprawling running track welcoming them, children are only too happy to go for a spontaneous run or two around the track along with their friends and teachers as

soon as they reach. After the initial warm up exercises students of grade I-V gear up for various sports activities under the guidance of their sports teachers. They take short breaks in between to keep themselves well hydrated. Students of grade VI- X can play badminton which happens to be one of the best indoor games for boosting one's physical fitness. It helps individuals to become more flexible besides improving mood, concentration and cognitive ability.

After one hour of playing various games and engaging in sports activities students line up again to board their buses back to school. One can not stress enough how important being physically active is, especially for growing children. Sports activities energise as well as rejuvenate the students to take on academic challenges with determination. This weekly activity which is conducted on separate days for separate grades is fast turning out to be one of the highlights of our students' learning experience.

Ms Suchandra

English Department

## Experiential Learning

"I hear and I forget. I see and I remember. I do and I understand."

Experiential Learning is the process of learning by doing. By engaging students in hands-on experiences and reflection, they are better able to connect theories and knowledge learned in the classroom to real-world situations. It has the potential to inspire a sense of wonder and develop curiosity about space.

Grade I students of Jain Heritage a Cambridge School had prepared a project on heavenly bodies. The focus of their observation was to understand the different types of celestial bodies in our space like the sun, moon, planets and stars. They drew and cut out the stars and a shape of a crescent moon from silver paper and they tied strings of different lengths to the moon and stars. The cut-outs were tied to a cloth hanger. The end result gave the impression of a sky with a crescent moon surrounded by stars.

Through such interactive models, young learners can develop a multifaceted understanding of heavenly bodies. This active engagement not only reinforces theoretical knowledge but also encourages critical thinking, independent problem solving and creativity. By observing, experimenting and utilizing models, learners can deepen their knowledge of the celestial world while fostering essential skills and nurturing a lifelong passion for astronomy.

Ms Meghana  
Mother Teacher

## Parent's Testimony

It's indeed a great pleasure to be a part of Jain Heritage, a Cambridge School. Talking about things other than schoolwork (getting social) makes students happy. The principal, Dr. Mona Mehdi, builds relationship with students, understand their needs and desires, and be visible to them, and encourage the school staff to do the same. When we approached the principal during our hard phase, she provided certain facilities immediately to make my child comfortable during school hours and allowing him to learn in his own way. We are grateful for your consideration of our child's needs. She is so much more than just an educator. She is a trailblazer in

her field. The school coordinator, Mrs. Shuchita, ensures that there should be strong relationship among teachers and other staff to enable children get academic and social benefits. She coordinated with medical counsellor, teachers and other non-teaching staff regarding the facilities and requirements provided for my child. She keeps track on the same and thus becomes a building block for the relationship between staff and parents.

The school has a trained medical counsellor to help children showing signs of psychological and emotional problems and to provide necessary counselling. Her compassion and understanding have been a source of strength for him. The class teachers' compassionate attention and professional care over the past 3 years made sure that he is always given the best care available. They created a happy classroom environment, inject fun and humor while ensuring focused learning means a lot.

The children of his class joined their hands to help him and motivated him in all the means. There are not enough words for me to express my appreciation.

**Mother of Sathvik – Grade V B**

## View the Review!

I recently finished reading the fifth book of the Harry Potter series: Harry Potter and the Order of the Phoenix. The author of this book is J.K Rowling and the illustrator is Jim Kay. This book is about an orphan boy called Harry Potter. The story is set in the fantasy world of Hogwarts School of Witchcraft and Wizardry where Harry is a fifth year student. He faces the soul sucking dementors and fights them bravely using the patronus charm. It is about how Harry experiences yet another personal loss when his godfather, Sirius Black is killed. Sirius dies trying to save Harry, just like his mother did. By the end of the story Harry learns that he should not let anyone else stay

between him and Voldemort. I like J.K Rowling's writing style a lot and I also like Jim Kay's illustrations.

I liked this book because it is very interesting and there are many twists in the plot as well. Harry's friends are always there for him. There is darkness and evil in the form of Voldemort and his followers yet the silver lining of hope is always there. Harry's goodness shines through .There is a belief that good will always triumph over evil. The only thing I didn't like was that some people like Voldemort and the death eaters did not talk politely. I would recommend others to read this because this book tells us about why we should be brave and do the right thing. If I were to rate this book, I would give it a 10/10!

## NURTURING HEARTSTRINGS

In love's sweet embrace,  
Valentine's Day shines,  
A song of hearts,  
in rhythm aligns.  
But not just for romance,  
this day's delight,  
For love in all forms,  
we celebrate tonight.  
For mothers who cradle,  
with tender care,  
Their love unending,  
beyond compare.  
For fathers who guide,  
with strength and grace,  
Their wisdom a beacon,  
in life's embrace.  
For siblings who share,  
each laugh and tear,  
In bonds of kinship,  
ever sincere.  
For friends who uplift,  
through highs and lows,  
Their presence a  
comfort,  
wherever life  
goes.  
For teachers  
who nurture,

minds to soar,  
igniting passions,  
forevermore.  
For mentors who inspire,  
with wisdom's flame,  
Their guidance a treasure,  
never the same.  
For strangers who offer,  
a helping hand,  
In moments of need,  
they understand.  
For neighbours who lend,  
sugar or ear,  
Their kindness a reminder,  
love is near.  
So on this day of love,  
let's redefine,  
That Valentine's joy,  
is for all, not confined.  
For love knows no bounds,  
it's boundless and free,  
In every connection,  
for you and for me.

Jain Heritage A Cambridge School

The 75th Republic Day was celebrated with pride and reverence at Jain Heritage A Cambridge School, Kondapur. The tricolour was hoisted by Principal Dr Mona Mehdi and Lalitha, Centre Manager Jain Toddlers. A plethora of activities followed that infused the spirit of unity, brotherhood and patriotism among the students. The students presented a dance, group song and speeches in three different languages. The patriotic presentations triggered pride, love and respect for the country in teachers and children alike. Jai Raj Kishore, Tanya Batra and Maanvi beautifully explained about the Constitution and motivated students by highlighting the duties and rights of citizens. A pyramid formation guided by Koteswar Rao displayed the students' team work. Principal Mona Mehdi inspired the students with her motivational words and urged students to abide by the Constitution and fulfil their duties as responsible citizens.

## RAIN

I wonder how it would be  
if the rain never stops,  
It would blow all the  
mops and tops.  
The thunder blows,  
The light glows.  
The trees shake,  
I make a chocolate shake.  
The cars speed up,  
My cup turns.  
The coconuts fall down,  
My friend  
runs down town.  
The rivers and  
lakes fill up,  
The water rises up.

## Divine life lessons

To enhance the glory of the installation of Shri Ram idol at Ayodhya, a devotional assembly was held at Jain Heritage a Cambridge School. Shreyasi from class VII gave information about Shri Ram's arrival in Ayodhya, students of class II sang a Ram bhajan while Saanvi from class VIII presented a bhajan in Telugu. Students of classes V to VII performed a dance in praise of Lord Ram. As we pay homage to Lord Ram, let us strive to embody the spirit of his teachings in our daily lives. May the lessons from his life continue to inspire us to be better individuals and contribute positively to our community and society.
