**“Punctuality is the first step towards success”**

Punctuality is an etiquette which encourages us to complete our work in a timely fashion. It also makes us realize the importance of time. A person who is punctual will always know how to respect their time and others as well. Punctuality is crucial for students because it helps students manage their time effectively. When students are punctual for classes, they can fully engage in learning and make the most of their education. Moreover, punctuality teaches students discipline as well as responsibility that are valuable

throughout life. It sets a strong foundation for success in school and future endeavors, being on time doesn't just help us; it also shows respect for our teachers and peers' time and effort.

The Grade III-B, students at Jain Heritage, a Cambridge School in Kondapur, organized an assembly on the theme "Punctuality" on March 1st 2024. Hinal Bhargava from Grade IIIB took the role of anchor, commencing the assembly by highlighting the day's significance. The session began with a prayer and the school song. It was followed by a heartfelt pledge to become responsible Indian citizens administered by Lakshanya. An insightful thought was shared by Gopika . Karthikeya enriched students' vocabulary with the word of the day. An article was presented by Tanviha. The assembly concluded with the national anthem which always inspires us to uphold the pride of our country. The great Dr. APJ Abdul Kalam once said, "Punctuality is one of the cardinal business virtues: always insist on it in your subordinates." This assembly presentation helped children understand the importance of being punctual. They also learned that punctuality is not just about being on time for ourselves but also about respecting the time and commitments of others.

Wildlife is a vital part of our planet's biodiversity, contributing to the delicate balance of ecosystems and enriching human life in many ways. They provide important ecological services such as pollination, seed dispersal, pest control, and nutrient cycling. Wildlife also plays a crucial role in cultural, spiritual, and recreational activities, and is a source of inspiration for art, literature, and scientific research.

World Wildlife Day is celebrated annually on 3rd March. This global event is an opportunity to reflect on the significance of wildlife and the need to conserve it for present and future generations.

### Topic: Road Safety

**“Mind on the drive, hands on the wheel, eyes on the road”**

Road safety is a safety measure to reduce the risk of road accidents and road side injury because of the mistakes of people while driving on the road. The most important factor of road safety is the need for skilful and cautious driving so that passengers, pedestrians and drivers stay safe. Developing better roads is also important to avoid road accidents. To stay safe, one must know the proper way to drive a car and not rely on in-car technology like a navigation system. It can be challenging to know how much space one needs when driving a large vehicle like an SUV or a bus, so keep in mind that one should

leave enough room for emergency vehicles if there is one nearby. Proper knowledge and education on road safety rules are required while driving or walking across the streets. Millions of lives are lost annually throughout the world due to road accidents, resulting in huge loss of finance and resources for individuals as well as for the nation.

Students of Grade II- A, II-B and IV-A at Jain Heritage a Cambridge School in Kondapur, organized morning assemblies on the theme “Road Safety” on 4th, 5th and 6th of March, 2024. Haruhi from Grade II-B, Aarini and Aarohi from Grade 4A and Sri Sai Naga Vaishnavi from Grade II-A took on the role of anchors commencing the assemblies by highlighting the importance of road safety. On each day the assemblies began with a prayer and the school song. It was followed by a heartfelt pledge to become responsible Indian citizens administered by Ridaya Sree from Grade II B from and

Ruthvik Chowdary from grade II A. Insightful thoughts were shared by Paridhi, Mikhail Chourasia and Karthik from grade IV A. Ch. Rishika from Grade II B, Vivaansh from Grade II A and Mythili from grade IV A enriched students' vocabulary with the word of the day. Some of the safety measures to follow to ensure road safety were presented by Kayra Malhotra, M. Jaideep, Gautam Karthikeya, Nischala, P.I, Yanvi Sharma. A beautiful poem on elevating traffic signals was recited by the students of Grade-II B who were dressed up in different costumes to tell us the significance of each colour i.e Red, Yellow and Green used in traffic signals. Loukya Manchala from Grade II A and G. Anagha from grade IV A presented an informative article to raise awareness on road safety. Almost all the members from each class participated in these assemblies with a lot of energy and enthusiasm. This experience will definitely help the students become more aware about road safety. As always, the assemblies concluded by proudly singing the national anthem.

## Session on Career Counselling by NIE

In a quest to illuminate the path to future endeavors, our school recently organized a dynamic career guidance session for 9th graders, led by the esteemed Vijay Anand sir. With an air of enthusiasm and wisdom, Anand sir initiated the session by introducing himself, setting the tone for an enlightening exploration of career possibilities. Emphasizing the importance of early career contemplation, sir debunked the notion that it's too soon to ponder future paths. He asserted that thoughtful consideration at this stage is crucial for informed decision-making and encouraged

students to embark on this journey with earnestness. To foster a sense of initiative, sir asked six students to come forward and commended them for their responsibility. They were then prompted to converse with each other for five minutes, fostering communication skills. Subsequently, they were tasked with sharing insights about their peers. Transitioning into the heart of the session, students grappled with word puzzles, brain teasers, and mathematical puzzles. Subsequently, the students delved into the fundamental distinctions between a job and a career, recognizing the long-term implications of their choices. Sir cautioned against succumbing to herd mentality and peer pressure, urging students to chart their own paths with confidence and conviction. Guiding students through the career options, Anand sir outlined various academic streams like MPC, MEC, CEC, elucidating the career options associated with each. From science and technology to commerce and humanities, students gained a comprehensive understanding of the diverse avenues awaiting exploration. In a culminating assessment, students underwent a test to discern their aptitudes and interests, offering valuable insights to inform their future pursuits. As the echoes of the session lingered in the air, students embarked on their individual journeys with a renewed sense of purpose, poised to embrace the opportunities and challenges that lie ahead. The career guidance session served as a beacon of guidance, illuminating the path to a future brimming with promise and potential.

A mother's love is more beautiful than any fresh flower.

In a series of heartfelt assemblies held on March 11th, 13th, and 15th, students from grades 10A, 9, and 10B came together to honour the timeless figure of a mother. Each session, led by dedicated anchors, punctuated with quotes, pledges, thoughts, and words, underscored the universal sentiment that, "A mother is indeed the best person in the world."

Anchors Ananya Nair, Durva Trivedi, and Aasritha, representing their respective grades, served as the guiding lights for these gatherings, seamlessly steering the audience through a journey of appreciation for maternal love and sacrifice.

Standing tall from Grades 10A, 9, and 10B respectively; Tarun, Anutara, and Shrinika, led the congregation in a solemn pledge, acknowledging the immeasurable contributions of mothers to their lives and society at large. Sahasresh, Aaryan, and Sarayu, from grades 10A, 9, and 10B shared profound thoughts that stirred the audience's souls, highlighting the irreplaceable role of mothers in shaping character and instilling values.

"A mother's love is peace. It need not be acquired, it need not be deserved."

Words of appreciation by Hafsa, Pratyush, and Sahasrad, representing their grades with eloquence, imparted words of admiration for the unparalleled strength, resilience, and compassion embodied by mothers.

As the echoes of these assemblies fade into memory, the essence of the message remains ingrained in the hearts of all who attended: that the love of a mother knows no bounds, and her presence in our lives is truly a blessing beyond measure.
