## Visit to Garments Industry- Grades VIII to X - 19<sup>th</sup> Oct 22

A field trip allows students and teachers to get out of the formal context of the classroom and cultivate shared experiences. Shared experiences lead to better rapport between teachers and students, as well as a deeper bond among classmates.

To give such kind of enriching experience, the school had organised a visit to Garments Industry located at Shamirpet. The students of Grades VIII to X were a part of this Educational Trip.

This Industrial visit provided the students with an opportunity to learn practically through interaction, working methods and employment practices. It gave the students an exposure to current work practices as opposed to theoretical knowledge being taught at their classrooms.

**“Overcoming poverty is not a gesture of charity. It is an act of justice. It is the protection of a fundamental human right, the right to dignity and a decent life.”**

We all know that Poverty is the state of having few material possessions or little **income**. And also that Poverty can have diverse **social, economic, and political** causes and effects. But, nobody actually tries to understand the pain of not having food, clothes and shelter which are basic human needs. So, we the students of Grade 9 decided to visit a slum area. We **observed** that many children there **didn't even have proper food to eat and many were to take care of themselves as they lost their parents**. We distributed food to them which included bread, biscuits and chocolates. The happiness on the faces of those little children when they received some food to eat, made all the students emotional and we thanked God for providing us with a protective shelter, food to eat and kind parents who are always by our side. We learnt a lesson, not to waste the resources we have and not to take things for granted. It may be a rupee for us but that one rupee means a lot to the others who've been waiting for it.

## PTM 3-JHCS Shamirpet-22<sup>nd</sup> October 2022

Parent-teacher Meeting is one of the important activity of any school. PTM is a great opportunity for both the teacher and parents to work for the betterment of the child. PTM is held for valuation of an academic and non- academic performance of the student. It helps to know and work for the child's performance. PTM enables parent and teacher to work for the positive modification of the student's performance.

JHCS Shamirpet had scheduled PTM 3 for classes I to X. Through the PTM it was clear that along with the teacher, if parents are also involved in the activity of the school, then a student can do better and achieve the highest rank in both academic and non- academic performance. That is the main reason why PTM is important in school.

## Halloween – Grade V – 31st Oct

Why do we celebrate Halloween?

Halloween's origin can be traced back to the ancient Celtic Festival known as Samhain, which was held on November 1 in contemporary calendars.

It was believed that on that day the souls of the dead returned to their homes, so people dressed in costumes and lit bonfires to ward off spirits.

In the 7th Century CE, Pope Boniface IV created All Saint's Day, originally celebrated on May 13, A Century later, Pope Gregory III moved the holiday to November 1, likely as a Christian Substitute for the Pagan festival of Samhain, The day before the Saint Celebration became Known as All Hallows Eve, or Halloween.

We the students of Grade V presented a Special Assembly.
