Teachers' Day Celebrations - 5th Sep

Each profession occupies a specific niche in society — doctors heal, engineers design and bankers handle our money. Teaching, however, stands out as a subsumptive entity. At a preliminary stage, teachers instill the transcendent faculties of communication,

decision making and awareness of social responsibilities. Later in life, no matter which field we choose to pursue, we again turn to teachers for training. A strong information base and well developed capabilities of comprehension and analysis are critical for progress. These crucial responsibilities of inculcating knowledge, kindling inspiration and encouraging creative thought are all vested in the teacher. Keeping in mind the increasing trend of both parents working for long hours, the teacher is also expected to build a strong moral character and provide emotional support.

The Teachers' Day at Jain Heritage a Cambridge school, Shamirpet was celebrated in full joyful manner where all the students were told the importance of the day and how important the teachers are for our society through various activities and skits.

Later on the Grade XI and Grade XII students paid tribute to their teachers by singing a song.

Various games were arranged by the students for the teachers so that the teachers can enjoy the memorable moments.

The Teachers Day celebration was a cheerful event that happened.

International Literacy Day - 8th Sep

“Education is the most powerful weapon with which you can change the world.” -**Nelson Mandela**

International Literacy Day takes place on September 8 every year to raise awareness and concern for literacy problems that exist within our own local communities as well as globally. International Literacy Day was founded by proclamation of The United Nations Educational, Scientific and Cultural Organization, or UNESCO, in 1966 “to remind the public of the importance of literacy as a matter of dignity and human rights.” What exactly is literacy? Literacy is defined as “the quality or state of being literate: educated...able to read and write.” Because you are able to read this article and no doubt spend a lot of time reading, it may seem incredulous to learn there are people living and working in your own community who not only cannot read this article, but are unable to read a book, a restaurant menu, a road sign, a voting ballot, an instruction manual, a prescription bottle label, or a cereal box. Wiping out illiteracy in every local community around the world is what International Literacy Day is all about. To infuse the importance of literacy as an integral part of education and lifelong learning, a special assembly on 'Global Literacy Day' was presented by Grade VIII students of JHCS- Shamirpet.

The day started enthusiastically with prayer followed by School song. Sumana was the anchor of the day and did a splendid job. Enriching thought was spoken by Hashwanth. To enhance vocabulary, word for the day, was shared by Dhanusree . An informative article on importance of World Literacy Day was presented by Akshaya. A marvellous Quiz conducted on Global Literacy by Abhinaya. The assembly was then concluded by National Anthem by all.

Onam Celebration - 8th Sep

“Onam is not just a festival to cherish but a moment to reincarnate a past of prosperity and goodness”

Onam festival is one of the most important festivals celebrated in Kerala. It is a ten daylong celebration which starts at the malayalam month of chingam between mid-August and mid-September. During these ten days, devotees bathe, offer prayers and women wear white and gold saree called the kasavu mund, participate in dance, draw pookalam(flower rangolis) and cook traditional food called “sadya” which is served on banana leaves. Onam festival is celebrated to welcome King Mahabali who visits Kerala every year of chingam month. The festivities make peoples' soul and body enthusiastic. It is the story of Mahabali and Vamana avatar. Lord Vishnu took his fifth avatar in the form of “dwarf vamana” and paid visit to Kerala. King Mahabali asked vamana what he wish for, to which vamana responded “Three pieces of land” and he granted his wish. Then Vamana reappeared as big giant and his first and second foot covered the sky and netherworld. When Lord Vishnu was preparing to take his third foot, King Mahabali offered his own head. According to Vaishnava mythology, King Mahabali defeated the God and started ruling three worlds. Onam festival was celebrated with a great amount of zeal @ JHCS Shamirpet with the beautiful “atha pookalam” and everyone cherished their festive mood.

World First Aid Day - 13th Sep

The Red Cross committee promoted the celebration of this day in order to promote the first aid training to all the people. First aid is the immediate treatment that is given to an injured person till he receives actual medicine. It helps the injured person in preventing critical situation. First aid awareness is very important as there many people who had lost their lives due to absence of immediate needed medical help.

I along with my friends conducted the Special Assemble. We started our morning assembly by prayer followed by our school song.

A pledge is way to make us aware of our duty, the oath was taken along with Pavan Babu. Listening to a thought refreshes our mind, it was said by Mehakdeep Kaur.

A new word is a fresh seed sown in the ground of knowledge, which was read by Likhith. As an assembly is always incomplete without something special, my friend Jayanth read out an article on "World First Aid Day". We must keep ourselves updated with the day to day life. So, the latest happenings were read by Rithika.

For the special assembly on "world first aid day", we've performed a skit: It was basically on providing first aid on heat stroke, nose bleeding and choking. The skit it performed by Jayanth, Pavan Babu and Likhith. Every start has an end and we concluded our Special Assembly by National Anthem.
